This is a facsimile reproduction of an advertisement for the grammar school opened under the charter of 1766. An identical advertisement had appeared in the New York Mercury on February 1st of the same year.

August 8—August 15. THE PENNSYLVANIA CHRONICLE, &c. for 1768.

227

large assortment of DRUGS, suitable for this present season, also best saltpetred gammons, Burlington pork, bar iron, indigo, rum, sugar and molasses, &c.

TO THE PUBLIC.

NOTICE is hereby given, that a school is erected at New-Brunswick, in New-Jersey, in which the learned languages and mathematics are carefully and accurately taught, by Caleb Cooper, recommended from Nassau-Hall, an able and well accomplished tutor in these and other branches of literature, under the inspection of the Rev. John Light, the Rev. Jacob R. Hardenbergh, the Rev. J. H. Van Harlingen, the Rev. Abraham Beach, Dr. John Cochran, and William Oakee, Esq;

The conditions are twenty shillings entrance, and four pounds per ann. for tuition, proclamation-money.

Boarding may be had in this town, to satisfaction, as cheap as can be expected, and sufficient to accommodate a large school, which, including tuition, will not exceed twenty pounds a year.

This town, besides its agreeable rural situation, has the great advantage of a wholesome pleasant air, and hence its being very healthy to recommend it—Properties evinced from long experience by the inhabitants, and the suffrage of gentlemen, strangers, acquainted with it. It is also surrounded by an extensive plentiful country, from which it has constant supplies of all necessaries of life, in great variety and plenty, and from the sea, in the season, has also plenty of fish, oysters, &c.

The ready and easy conveyance of letters and goods by water or land to Philadelphia, New-York, and other parts, is another advantage it enjoys—And in a religious view, exceeds any other place in the province, having divine worship performed in the English episcopal, Dutch reformed, and Presbyterian churches; and as to the inhabitants, with regard to their manners and other social virtues, compared with other places, without prejudice may be said to be irreproachable.

The inspectors propose to visit the school at least once a quarter, to inquire into the deportment of all concerned, and assist the master and scholars in all necessary regulations with regard to decency and good order, as well as the advancement of learning.

N. B. This school from the skill and diligence of the tutor, as well as the uncommon progress which the pupils have made in learning, in less than six months, gives a pleasing prospect of its increase.

Accomplishments of 1963 students

There are many phases of Prep which make its students proud. Prep's history is one of many important accomplishments, cherished traditions, and notable graduates. As a school it has progressed from the small grammar school of 1766 to an everlasting private institution, about to make its historic move to a better equipped campus and more diversified

curriculum. Students' pride goes beyond this, extending to their own personal accomplishments. The story of academic achievements is a worthy one, including several out-of-school awards. In sports, the students of Prep constantly strive to gain strength and skill.

will encourage Future Prepsters.

Sports

Page 84

The extra-curricular activities provide numerous outlets for their varied interests: successful performances at the Christmas Concert, at the impressive Walpurgis Nacht, and in the yearly play. This 1963 **Ye Dial** tells the story of the RECORDS of these students—in the classrooms, in the club rooms, and on the playing fields.

Understanding and awareness
of students' needs

Margaret Wilson,

The 1963 Ye Dial staff, as representatives of past and present Prepsters, proudly recognizes one who they sincerely feel embodies the ideals of the teaching profession. As an instructor she has always treated her students as eager class members and conscientious and able individuals. Her informal discussions and respect for student opinion have brought her much admiration, evidenced in her students' continual return. To you, Margaret P. Wilson, our advisor and friend, we dedicate our book.

A mischievous glimmer and a
smile

Genuine thoughtfulness and
concern for Prep

A sense of fun and humor

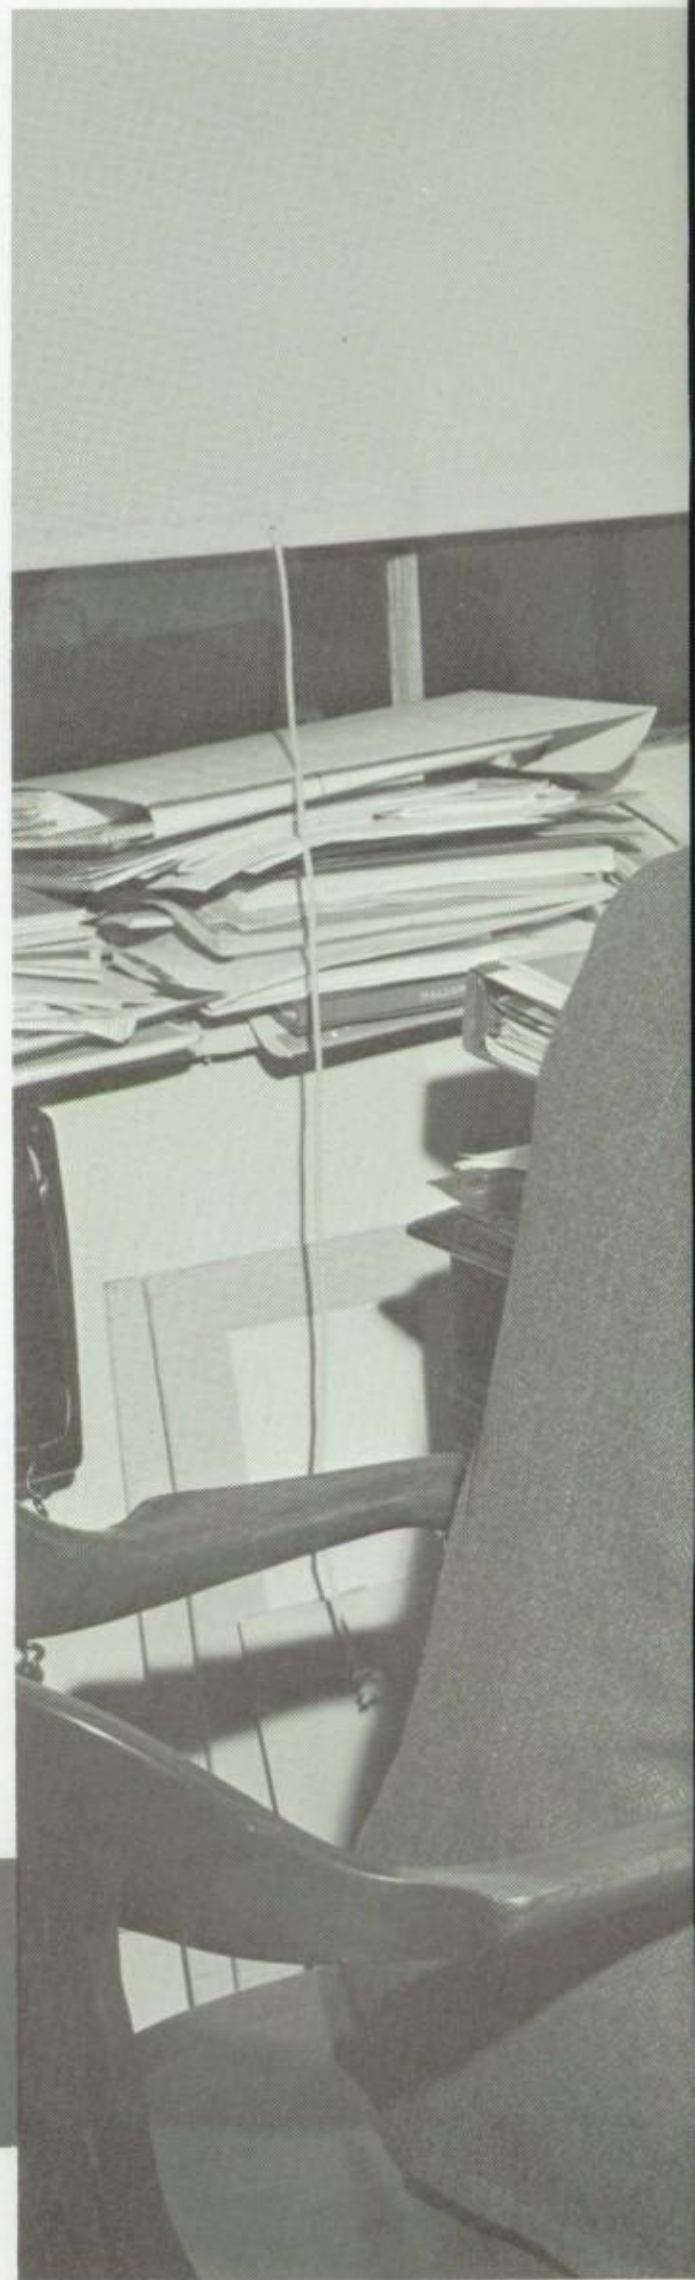

friend and advisor, we thank you.

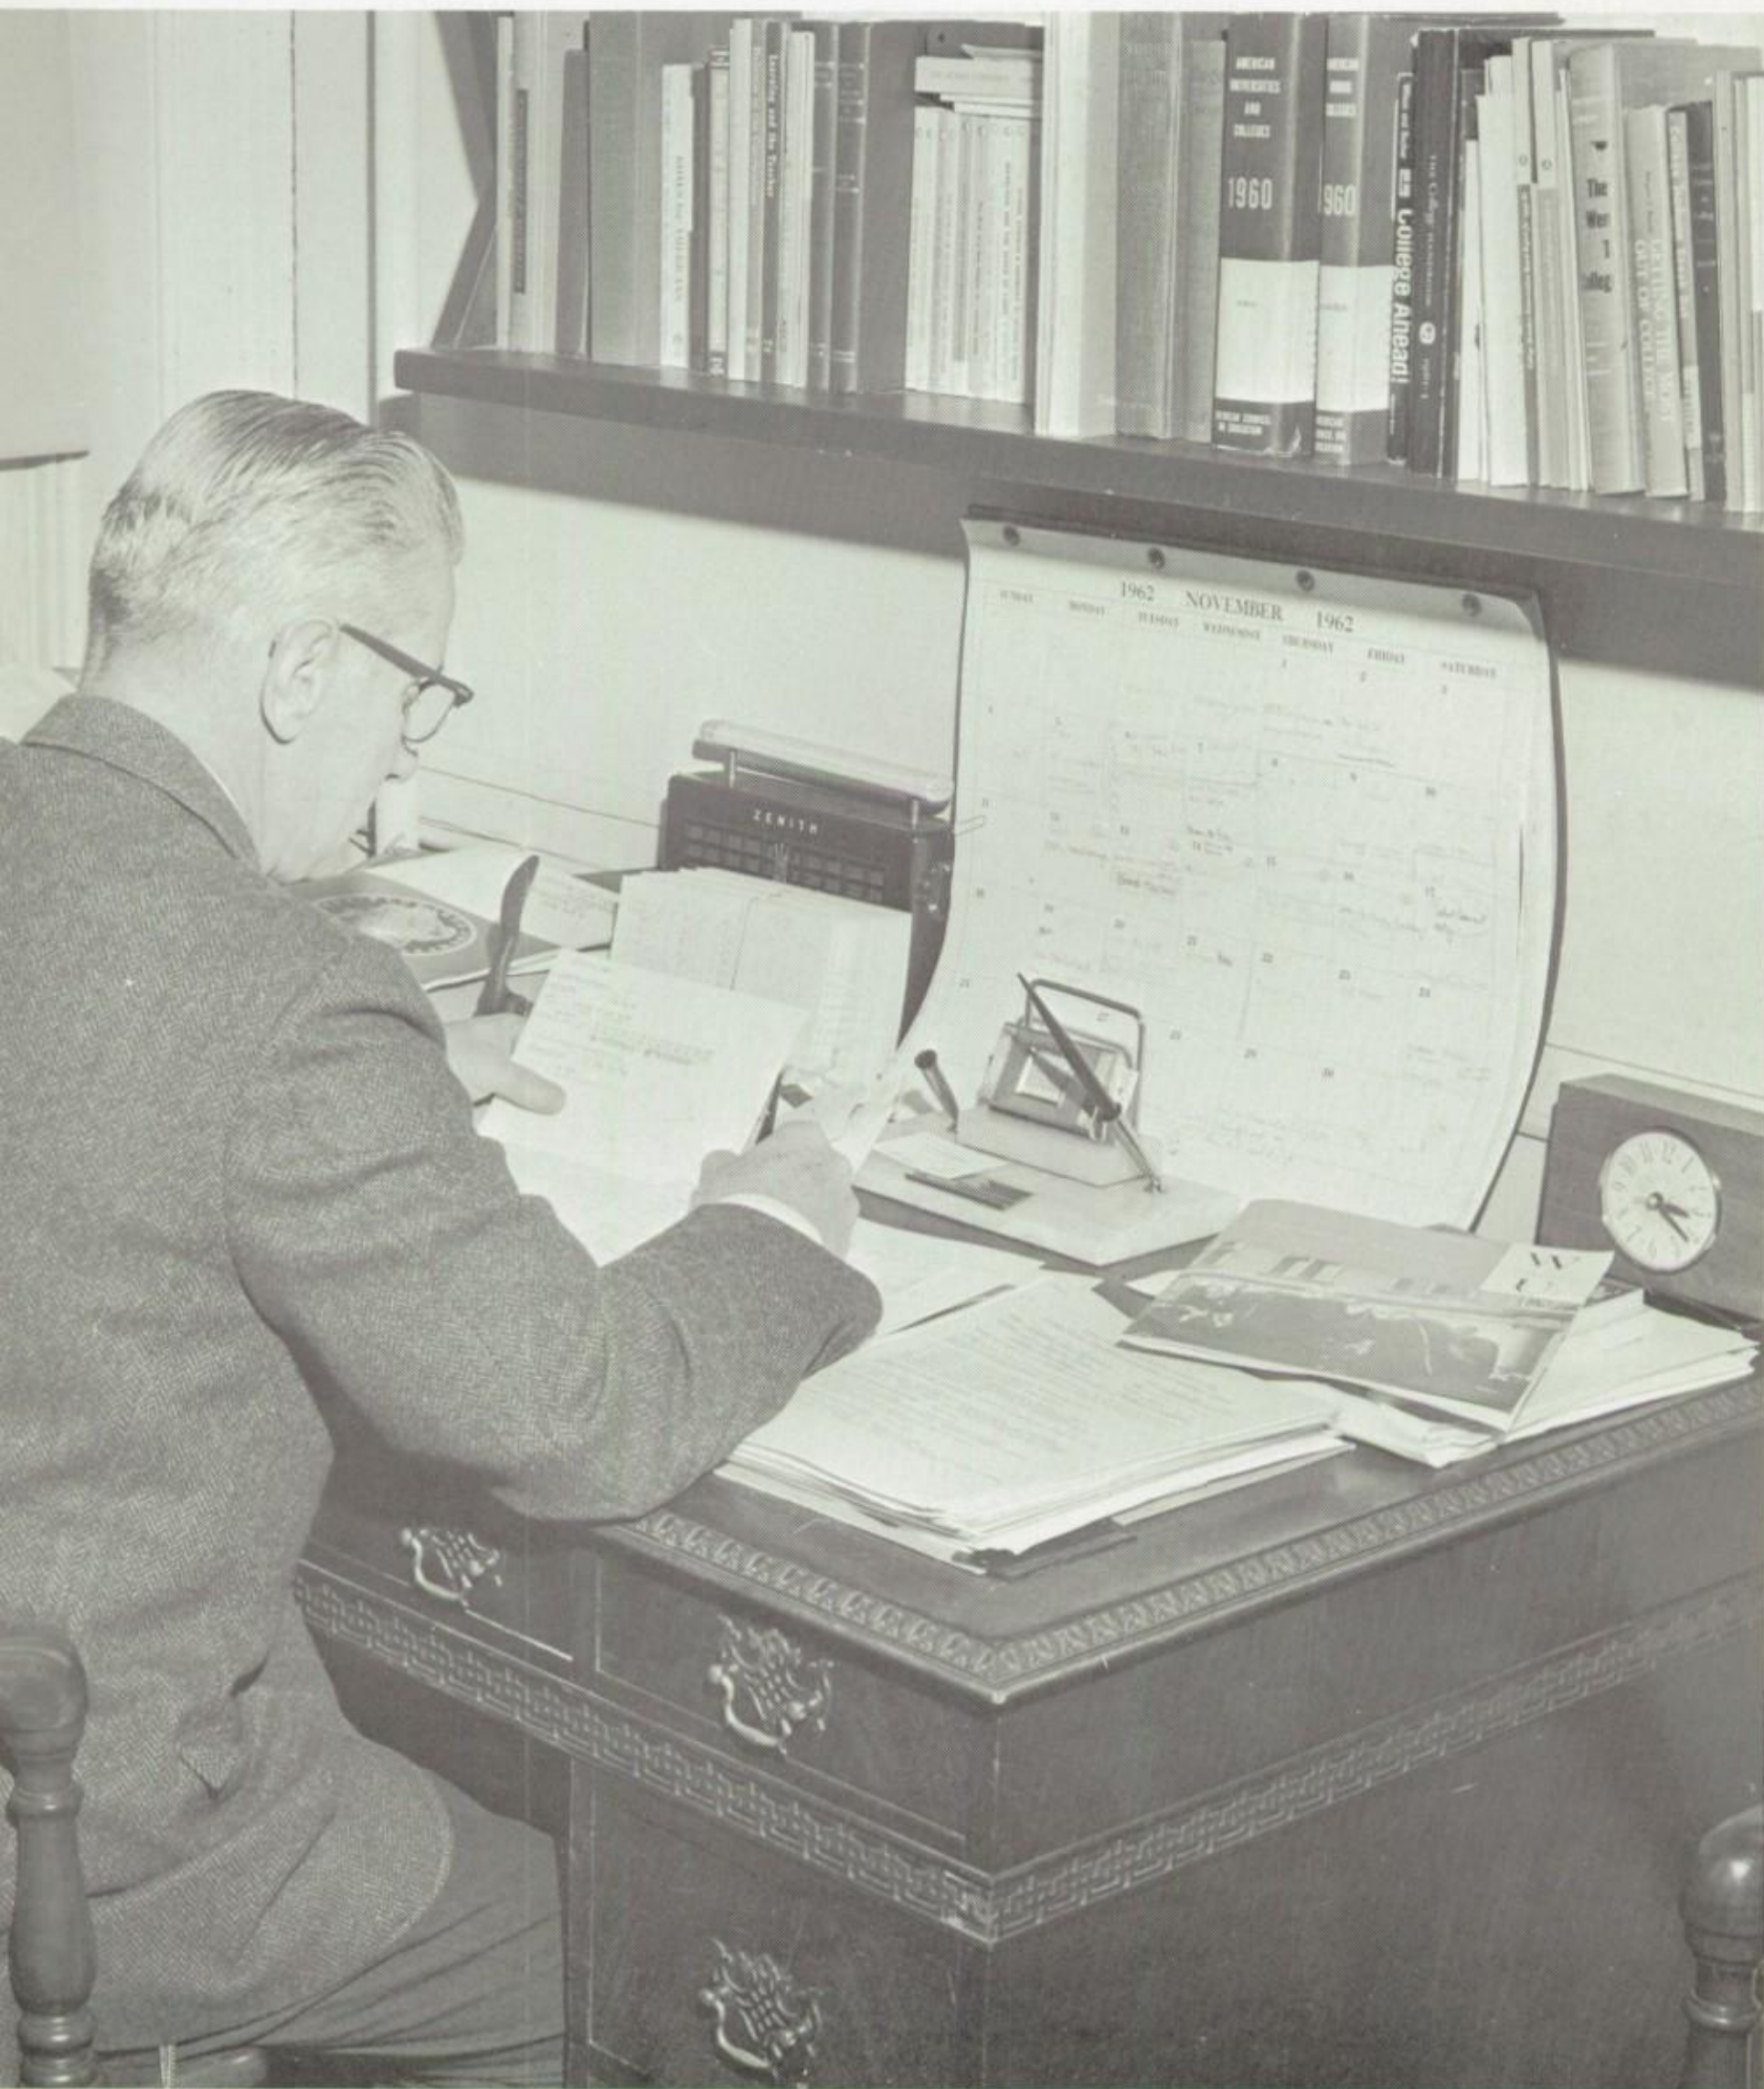

Margaret P. Wilson—one who embodies the ideals of the teaching profession

Faculty guides, instructs, coaches . . .

A Prepster's first taste of school life comes in the head office. Here he meets his future teachers and attempts to form an outline of courses to fit his interests and abilities. From the day of the first interview, his performance as a student is watched closely. Here the record of his student life is kept, the successes, failures, achievements, and goals, to be considered when he seeks the necessary evaluation for graduation and college.

Rutgers Preparatory School recognizes DAVID M. HEINLEIN, its headmaster, as an important and integral part in the shaping of academic and extra-curricular records of student and faculty achievement. His unceasing efforts and personal attention to all exemplify the deep concern that is responsible for his success.

Faculty members show concern for

"But Mr. Holley, he's the one who told me consistency was foolish!" declares Mr. Lasser.

With a friendly "greetings and salutations, cousins," ANDREAS Z. HOLLEY, our Assistant Headmaster, begins his daily math and history classes. That he is admired and respected not only by his students but by all who meet him is a compliment to his good humor, patience, and genuine concern for others.

MARETTE JACKSON, secretary to the headmaster, accomplishes her many duties cheerfully in the vast confusion of her small office. When her typewriter is not in use or she's not answering the phone or she's not recording grades, she solves the million problems that arise during a day in the front office.

in diverse roles students' welfare.

Prep's bookkeeper, NINA ZEISER, whose nimble fingers keep the adding machine clicking, can always find time to dig information out of the numerous files for any inquirer or to answer the many daily questions about busses. Her rigorous duties cover every aspect of Prep's financing but never change her pleasant manner.

Prep's new librarian, ALICE RUST, has accepted the heavy responsibility of building up our library and preparing it for our move to the new campus. She keeps "piles" of records efficiently but is never too busy to give friendly advice to a Prepper and to help him select just the right book.

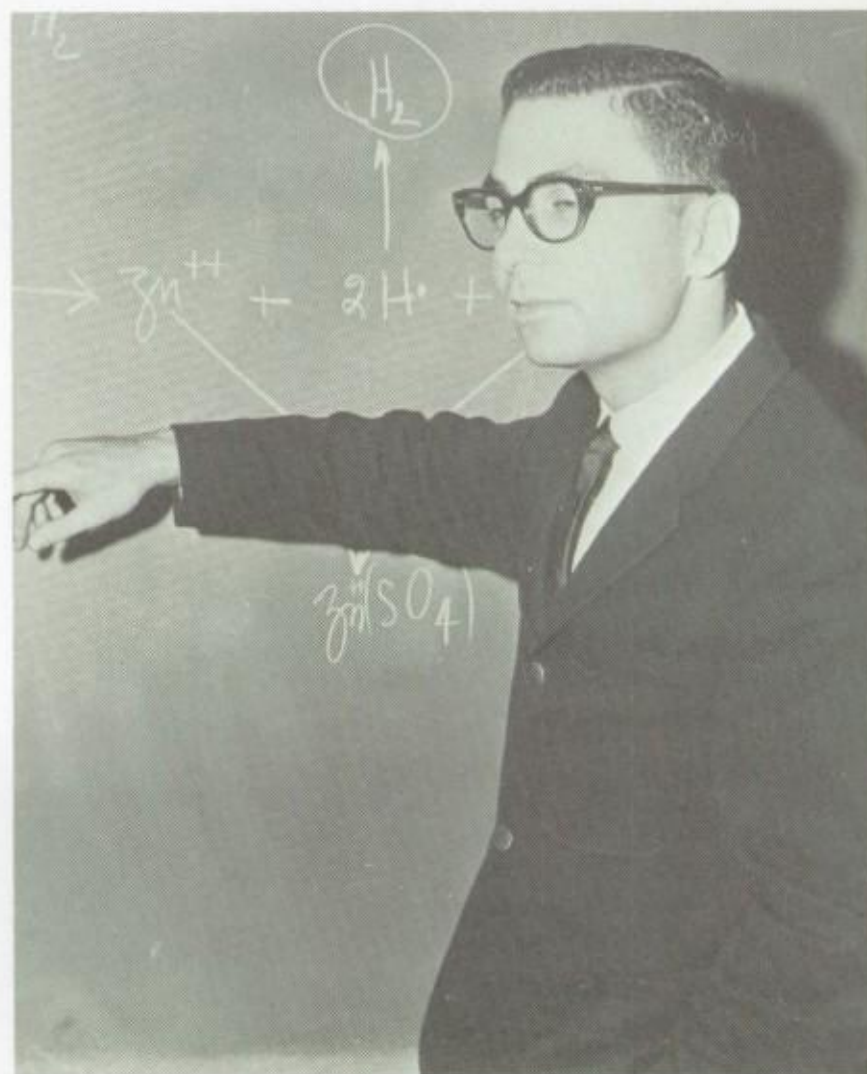

Famous for his "quizzes," AUGUST DAVIET stimulates his efficient and informative chemistry and biology classes with his subtle, dry humor. Known for his fairness and understanding, he endeavors to provide the necessary guidance in his two Biology Clubs without completely controlling the members' activities.

As class advisors and often counsel

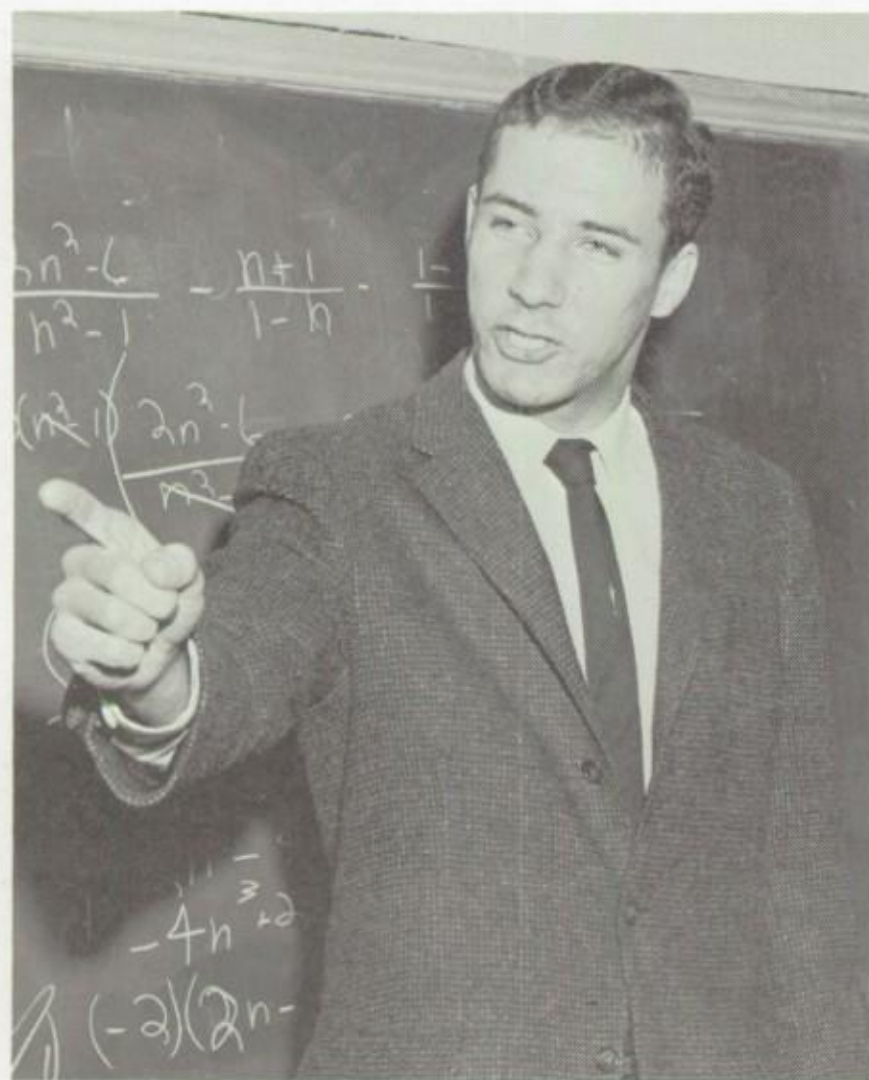

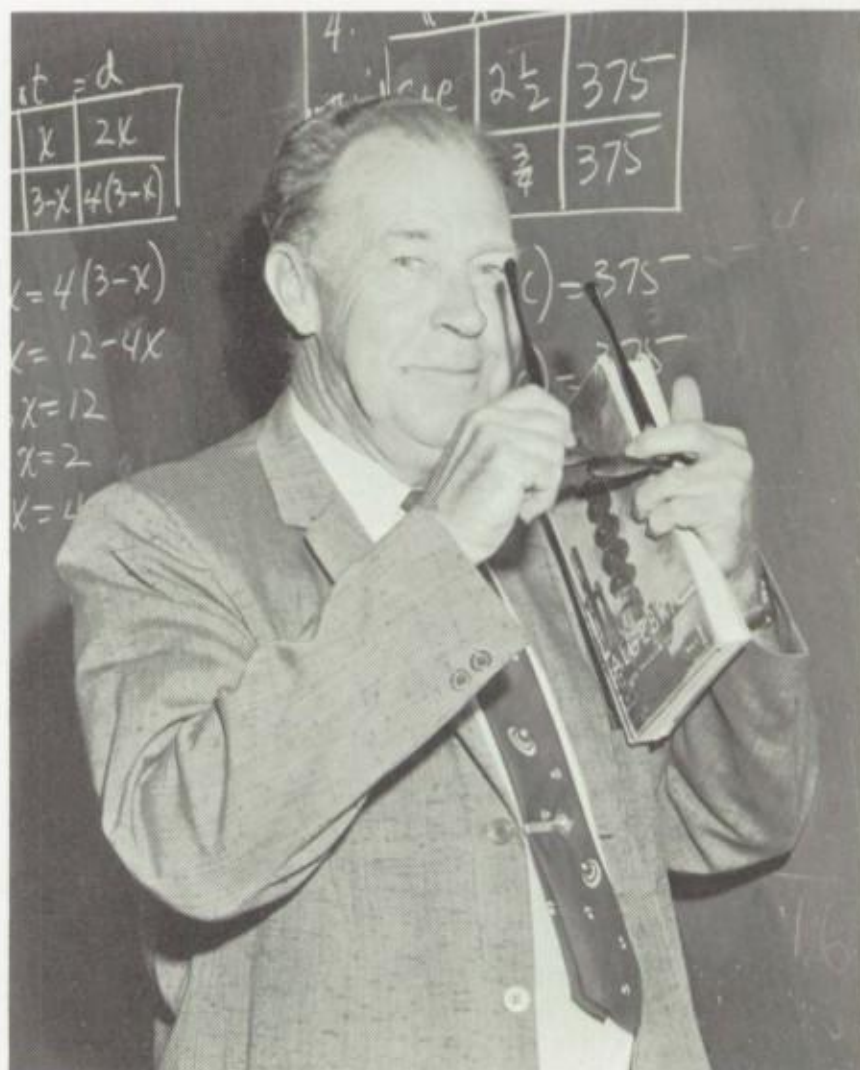

ROBERT FENSTERMAKER this year has added not only to his schedule of physics and Earth Science by teaching math to the eighth grade but also to his athletic duties. Besides continuing as the popular swimming instructor, he coached cross country, ending the season with a record — Prep's first competition at the state level.

With a blend of wit and entertainment, SORREL PASKIN conducts his classes of algebra, geometry, and Phys-Chem, attempting to draw straight-lined diagrams. He instructs his eighth grade in science, math, and the nature of popular music styles. His extensive background in the humanities greatly enrich his Philosophy and Logic Clubs' meetings.

"This never would have happened if you had **cared** enough!" is a saying familiar to any of GUY BLAKE's math students. A teacher at Prep for twenty-five years, his fondest hope is to teach at Prep's new school. With perseverance in attendance and teaching, he will certainly attain this goal.

they wisely guide
puzzled students.

GEORGE ZEZENSKI, who recently joined our faculty, has varied interests ranging from algebra, geometry, and Advanced Mathematics to a music seminar and a math club. He is interested, too, in promoting interest in music at Prep. His popularity stems from his keen interest in all students and his close co-operation with them.

$N + B =$ NANCY BERMAN, a quiet and competent faculty member. As a math instructor she stresses thoroughness and exactness. After outlining and conducting her Prep classes, she is seen leaving the school to attend Rutgers where she is now doing graduate work to further her knowledge and capabilities in mathematics.

Once MARGARET WILSON reaches school and gets "organized," her day is impossibly complex. Four daily English classes do not tire her; sixth period study hall does. However, her easy going manner relaxes and encourages all students in class as well as in the "orderly" **Ye Dial** and **Argomag** staff meetings.

As our instructors on to even higher

NANCY WARR returned for her second year after studying in Sweden and traveling in Europe. Everyone enjoys her humor and school spirit. As an English teacher with an interest in the theater, she is a great help to students who produce the school plays. A sports enthusiast, she is a skier and cyclist.

MICHAEL LASSER teaches American literature and the drama to sophomores and juniors who usually feel "much more like they do now than when they came in" after one of his stimulating discussions. As advisor to the **Argo**, he encourages creative talent in all his students with "unity amid diversity."

"Well all right, boys and girls, we have made this clear by pointing out its historical significance . . ." says FRANK SPERDUTO, whose instruction in the histories always draws eager student interest. His patient concern and guidance are respected by all, particularly by his soccer players, Varsity R boys, and History Club members.

they encourage all
thoughts and aims.

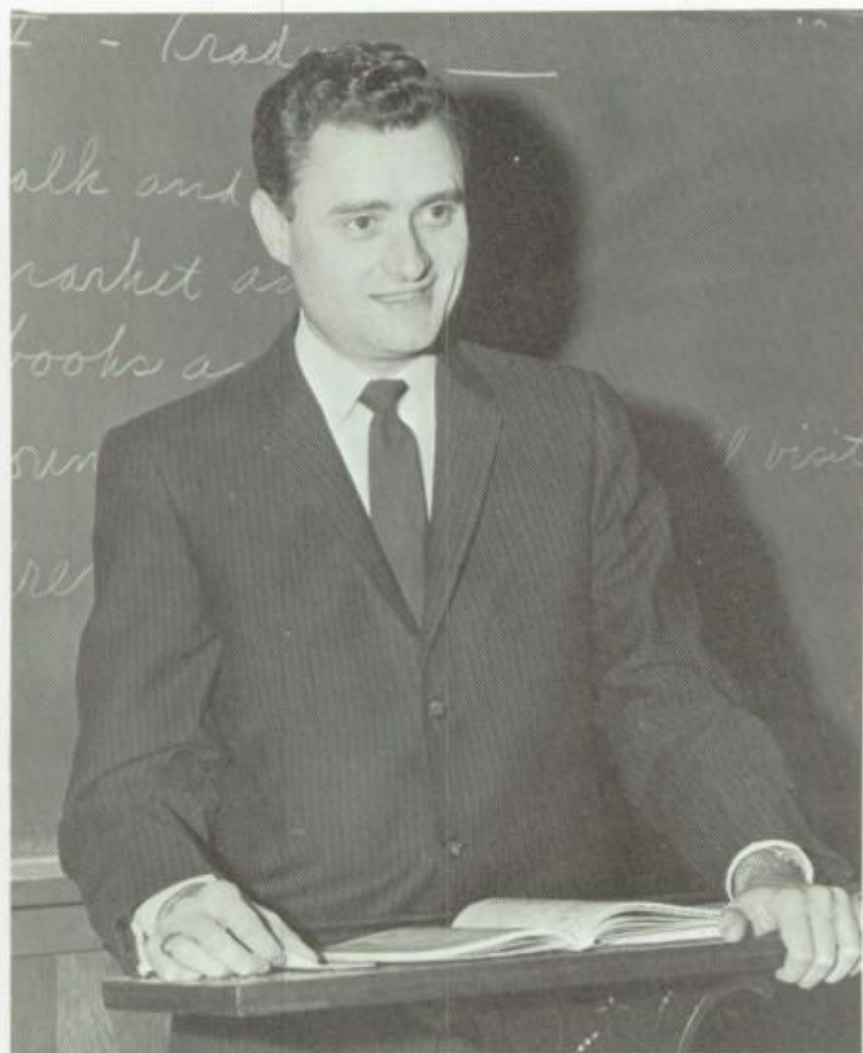

Prepsters are not surprised to hear a roaring "morona" or "stultissimus" drifting up from THOMAS DUMARAE's room. Here, amid the confusion of students' names and classes, he conducts thought-provoking classes in Advanced Literature, Ancient History, and Latin. As an accomplished instructor, he also advises Student Council and Key Club.

ELIZABETH MILLER, teacher of Ancient History and American literature, was on the staff for the first term this year. Although she resigned after only a half a year to return to Maryland, she added much to the interest in dramatic and speech activities in the school.

ALFRED GAGGINI, *notre illustre professeur de Français*, instructs the Upper School French classes. As advisor to the French Club, he conducts lively discussions, insisting all students speak only French. One can always find him making sure the activities records are correct and neat and that all papers are torn precisely on their edge.

As valued friends to praise students

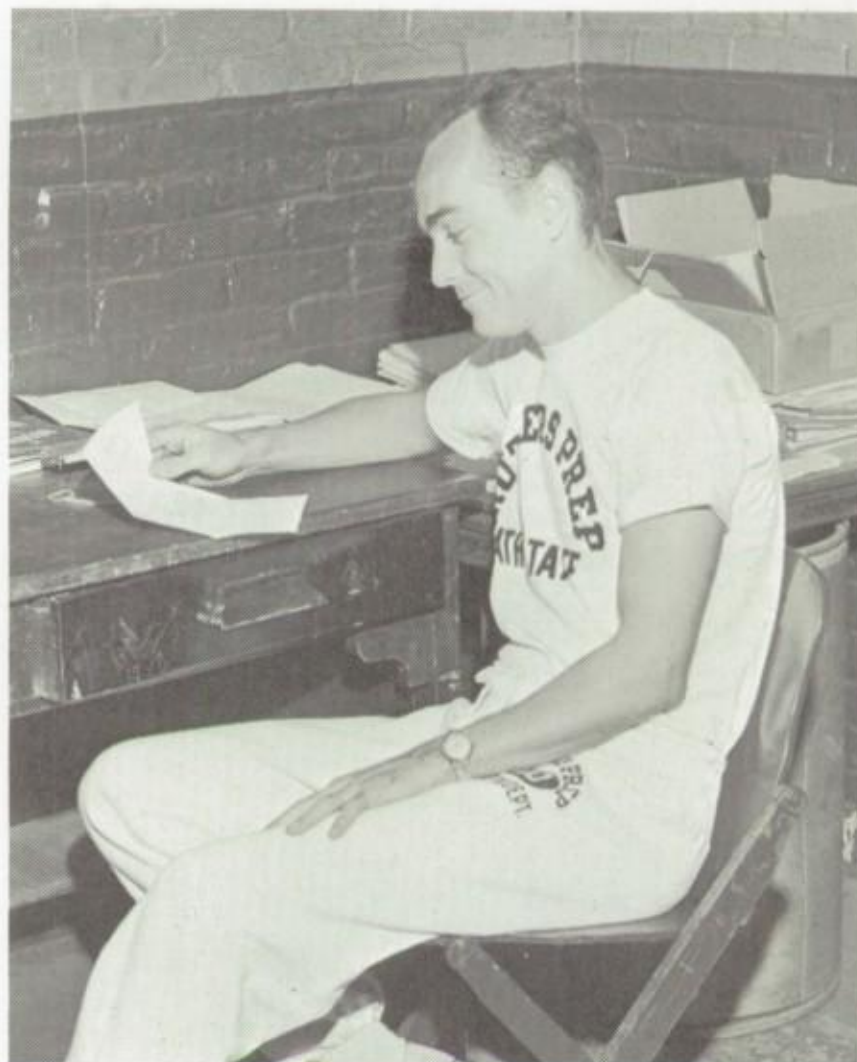

JONATHAN BAIR, in his first year at Prep, brings his teaching experience from Rutgers University and Highland Park High School into Advanced Spanish class. With frequent exclamations of "Claro!" and "Vamos!" he and the students discourse in Spanish about widely varied topics and conduct dramatic readings of Spanish literary works.

ANTOINETTE ROODA's Spanish and German classes are informatively supplemented by her extensive knowledge of foreign cultures and entertaining reminiscences of her childhood in Amsterdam, Netherlands. Her belief that each student must have a thorough understanding of a language and its grammar concepts underlies and establishes a theme for all of her teaching.

As Prep's Director of Athletics and varsity basketball coach, RICHARD O'CONNELL, known to all as "Oke," has built up Prep's sports program during the summer as well as during the school year. Through his relaxed aggressiveness and humor, he has never failed to cheer his teams at games.

they never cease
sincere in effort.

"Mr. P?" . . . "Yes, Mr. Z?"

Prepsters are lucky to have the opportunity to study art under EMILY STURKIE. An artist in her own right, she has shown her paintings locally, in New York, and in Germany. At Prep she spends two days a week teaching first through sixth grades and conducts an extra-curricular class Wednesday afternoons for the eighth through twelfth grades.

Prep seniors leave with pride . . .

Seniors, too, made their special mark in school history. The record they left was one of constant concern for Prep, its students, its policies, and its place in the community. As leaders and examples they encouraged participation on many committees and contributed greatly to the successful first meeting of the Student Life Committee. Their greatest efforts were directed toward assisting classmates in college matters. They now leave Rutgers Preparatory School with a record well-earned.

CAROL BRAY

Honey . . . "You just don't know!" . . . usually confused . . . sympathetic listener . . . loves to give presents . . . long phone calls . . . dental school . . . constantly shopping . . . always willing to sit and talk . . . working . . . Phil.

JOSEPH RICHARD CASEY

Rich . . . "I'm impressed!" . . . Senior Club founder . . . teacher imitations . . . cynical . . . Morning Breakfast Club . . . Case . . . peace in the senior family . . . wrestler . . . tolerates talkers . . . that plaid jacket . . . worldly attitude . . . advice . . . independent . . . South Amboy.

CHARLES EDWARD COLLARD

Charlie . . . strong, but silent . . . "To say the least, if not less" . . . height of basketball squad . . . Chuckin' Charlie . . . plans for Phys. Ed. at Rutgers . . . '62 All-State outfielder . . . Chas . . . bow ties.

The 197th graduating class of Prep,

Carol is off on another shopping spree.

Richard quietly steals away to ANOTHER club meeting.

Charlie, you're always disturbing the study hall.

BRIAN CHRISTOPHER CONNOLLY

Brian . . . an insatiable appetite . . . able biologist . . . '63 Buick . . . member of "Excelsiors" . . . "It seems logical." . . . champion swimmer . . . boating on Barnegat Bay . . . conscientious worker . . . sincere . . . weakness — Italian foods . . . partial to the Riviera.

BARBARA ZOE DEUTSCH

Barb . . . Miss V.P. . . . "Promise?" . . . Dickinson week-ends . . . pins and circle bracelets . . . temperamental . . . "Are you serious?" . . . thinks sophistication is great . . . modern jazz dancer . . . dramatic . . . colorful cheerleader . . . "Do you want a banana?"

EDWARD LEE DIENER

Eddie . . . "That's what you think!" . . . pencil flipper . . . talking hands . . . stubborn . . . perennial bench warmer . . . "I've got so much Latin, you'd never believe it!" . . . Thoreau enthusiast . . . math marvel . . . "I just don't care." . . . chess jumps.

the last in this historic building,

Brian! Do you so scorn your public?

Did you say cheese or cheesecake, Barb?

Eddie claims, "I was working in the lab late one night . . . !"

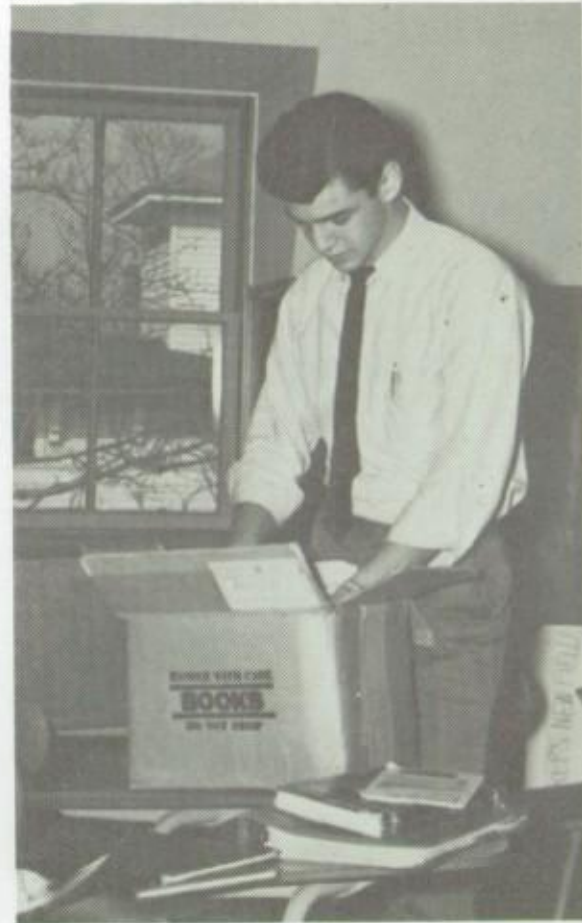

"If that soccer ball hits me once more, I'll . . .!" threatens Pat."

On your honor you will what, Joan?!

Books? . . . and Dave?

added, with pride, new prestige

It takes a page like this to keep Marc's attention.

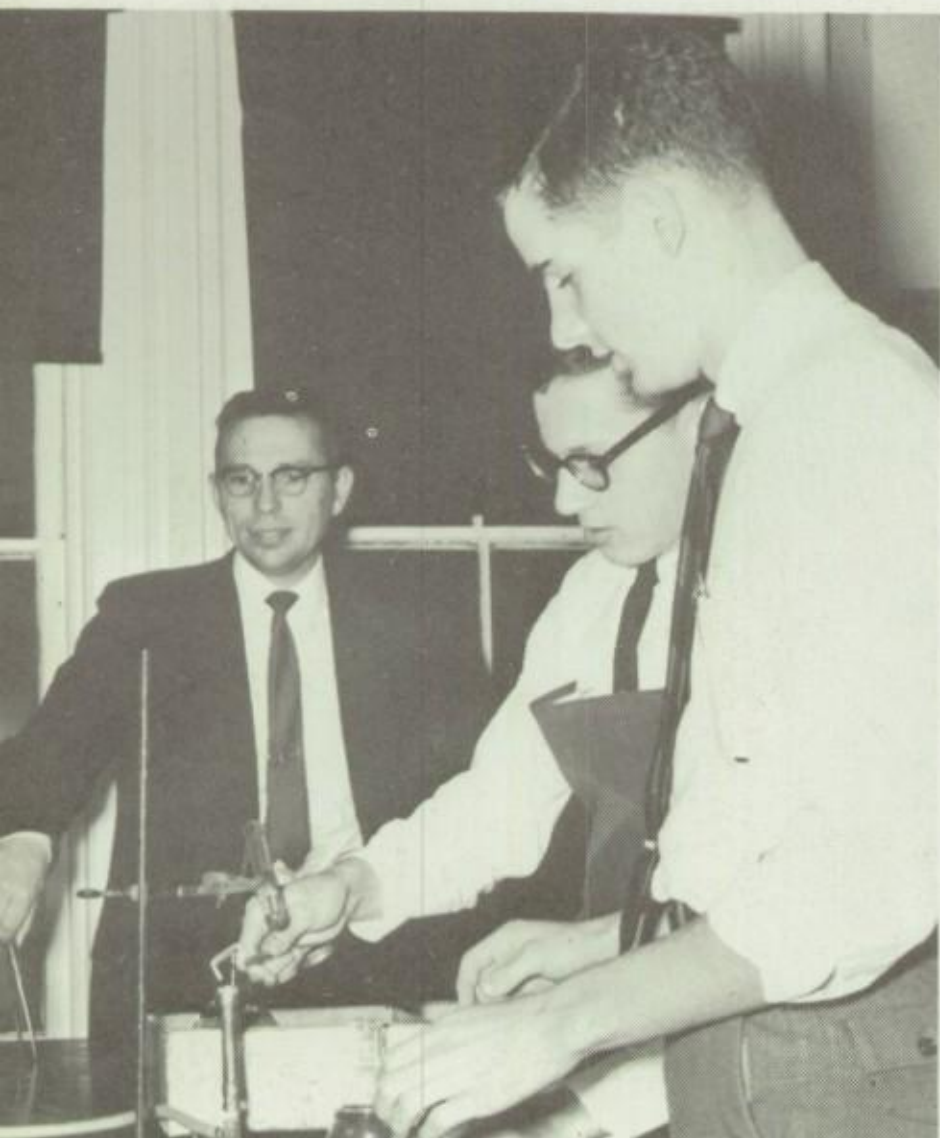

Underclassmen meet new challenges . . .

The tasks of the underclassmen are just beginning. With each new year comes a new series of challenges. The entering freshman experiences his first taste of high school life and learning, and determinedly strives for academic excellence. The sophomore begins his study of the sciences and significantly enters into school activities and studies. The junior now enters the college rush, hopefully choosing schools, evaluating grades, and planning for the time when he will be a senior.

Juniors, proud of their progress,

Oh, how the juniors love chemistry!

The class of '64 is concentrating this year on stimulating greater unity within the class itself, even while its varied individuals are preparing themselves to be leaders of Prep next year. Class members can be found participating in almost every phase of school activity, including clubs, sports, and publications. Even so, many of them maintain their high grades. Members are in training for major editorships in the publications' department; they are active participants in Prep's athletic teams.

Everybody's interested in the honors report except Mr. Lasser.

Front Row: Cahill, Fisher, Meuly, Matusz, L. Spiro, E. Lehn, Neivert; Second Row: Mr. Paskin, Krafchik, Yacknowitz,

Kellogg, Cano, Konowicz; Third Row: J. Gunkle, Warshaw, Schaeffe, C. Schwalje, Kirsch; Absent: Smith.

record the year . . .

They manage as well to be active in other school activities, such as Student Council, language clubs, and Dramatics.

The class is also planning a club similar to last year's Outing Club, as a unifying device. Among its scheduled activities are hiking and ice-skating. Moreover, as a class, it is planning services to the school, such as printing a winter sport's schedule and improving the school prom.

Down with geometry! What I want is a pizza party.

"Welcome, cousins," beams Mr. Holley.

"Thanks heaven, Warshaw, you passed."

Front Row: Schaffer, Rabinowitz, Goldsmith, Kluft, Osterlund, Welzel; Second Row: Mr. Lasser, Bey, Nemeth, Huber, M.

Miller, DeVido, Eskow, M. Jacobs, Hillebrand, Voohees, Mrs. Wilson; Third Row: Busch, B. Pickar, Rosenberg, Seidel, Macris, M. Denker, Rosenblum, Sutherlin.

Sophomores emerge as leaders

"Oh, but Mr. Blake, I DID care!"

Front Row: Wilmot, Coombs, Fishtein, Kramer, Glaser, Freedman, Czarda; Second Row: Miss Marr, Belafsky, Nims, Ham-

This year, the class of '65 has shown a growing desire to distinguish itself in the eyes of its fellow students, the faculty, and the community. In its efforts to be remembered for its contributions and accomplishments, this enthusiastic and determined group has attempted to maintain an effective mixture of academic and social activities. For instance, the usually scientifically inclined Biology Club, a club limited to sophomores, has supplemented its numerous technical doings with an occasional trip to the Elm Farm Campus.

Vivian, I knew you could tear that paper straight.

Burger, C. Connolly, Firczuk, Lampen, Callaghan, Kaufelt, Adams, Mr. Gaggini; Third Row: Lederman, Taub, Witkin, Rolland, Tucker, Morse, Laden.

in school life . . .

Academically, too, the sophomores have excelled. Many more have made the Honor Roll this year than last, thus indicating their growing sense of responsibility and awareness of the importance of school life. This is specifically demonstrated in such examples as the fact that this class has a notable number of students in advanced French classes and has made the French Club an almost totally sophomore activity. Thus, the sophomores have become active and important members of Prep.

"It's wrong, Mr. Paskin. It disagrees with my answer."

Oh, the foot bone's connected to the leg bone.

Gang way! Here come the mobs!

Front Row: Dower, B. Kane, Greller, Cassell, Rosenzweig, Lichtman, Tomkinson; Second Row: Jacob, Dubin, Borrus,

T. Miller, Weiss, DeCicco, D. Pickar, D. Heinlein, Nardone; Third Row: Sweeney, Gottlieb, Farkas, Peachey, Gale, Lane, Berger; Absent: Donahue, Landau, Tuschak, Coopey.

Freshmen acquire growing status

The class of '66 is proudly aware of the responsibility of being the 200th graduating class of Prep. During the past year, the freshmen have adapted themselves to high school life and have enjoyed a growing participation in the many activities open to them. Through both their scholastic and athletic achievements, they have displayed a genuine enthusiasm for school life and a keen interest in all that surrounds them. Like all freshman

Whew! Mrs. Wilson's smiling.

"Ne bougez pas vos chaises quand mon dos est tourne!"

Kalish, G. Coopey, Freese, Brown, Lutman, Blumberg; Third Row: Levenson, Delcau, Patt, Duschock, Dunlap, Alexander, Lauer.

in exciting year . . .

classes, this one eagerly hopes to set many records.

Already they have become active in diverse ways, some of them showing promise in publications, others beginning careers in school politics, many emerging as potential leaders in sports. In all their classes, especially in languages, (that first day in Latin class!) they are meeting new and exciting challenges.

"You draw well, but what I want is the answer," says Mrs. Berman.

"Work, slaves!" orders Mr. Dumarae.

"Lesson one, class, this is the world," explains Mr. Sperduto.

Front Row: Vaughan, M. Miller, Molnar, Bower, Klingler, Shelley, Schwartz; Second Row: Mr. Zezenski, Scillia, Paper,

Balos, J. Owens, Montagna, Lebow, Burke, Mr. Daviet; Third Row: Porges, Kovacs, G. Drew, Johnson, C. Coopey, Gelber; Absent: Braunstein.

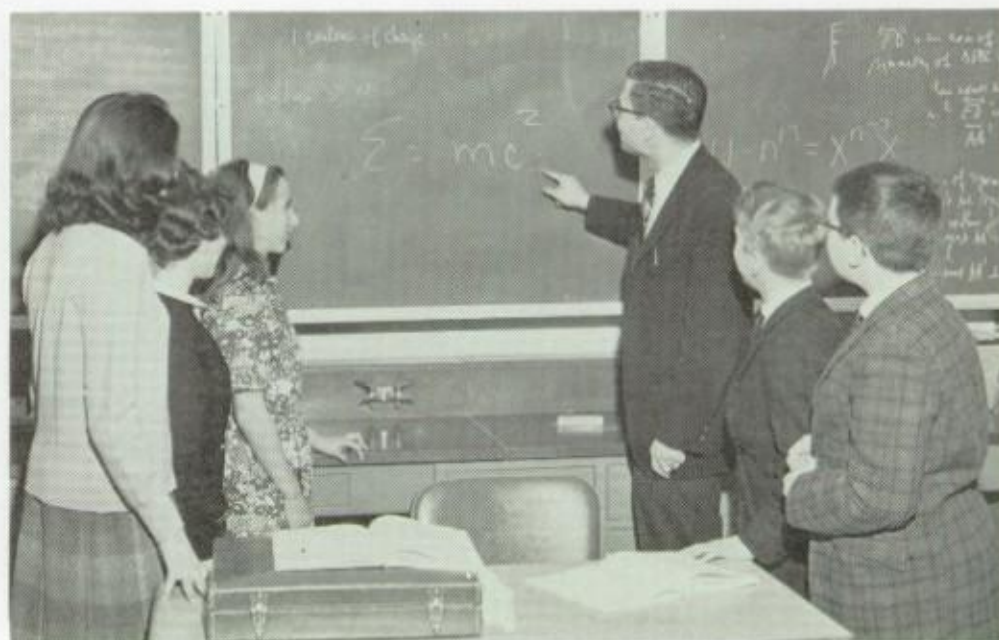

The eighth graders continue with

The eighth grade was the first class to study in the new school building in the midst of general chaos. Because of their heavy schedule of activities, in addition to this move, they did not present their annual play. Instead they re-instituted the practice begun in 1960-61 of publishing their own magazine. It was their main activity of the year. To supplement their class work they had a theater trip to New York and the annual Science Fair.

"It's as easy as $E=MC^2$." Eighth grade science is a killer!

"It would really make a lovely hat." Prep students know how to make science practical.

Front Row: Verb, A. Heinlein, D. Denker, J. Kiney, D. Seidel,

J. Serin, R. Miller; Back Row: P. Lampen, Strong, Sheehy, Weiss, Cushman, K. Lehn, Cottrell, Mr. Paskin.

literary journal . . .

Their elaborate Christmas party, also a popular (with the faculty?) tradition, was this year enlivened by an exhibition of portraits of the faculty by Judy Serin. The two homerooms elected officers to serve for the full year this year instead of having re-elections at mid-term. The president of the class was Joe Jacobs; the vice-president, Bill Cottrell; the treasurer, Roy Mittman; and the secretary, Diane Seidel.

"Yep, I did it all by myself," brags Al.

What are they so anxious about?

The eighth grade has the new building all to themselves.

Front Row: K. Heaton, Jackson, D. Gunkle, Kramer, Miss Warr;

Froma Braunstein

Amy Levy

to catalogue and circulate books, and basically how to organize the library.

A good Prepster is ALWAYS cautious.

A good Prepster ALWAYS seems to play the jerk.

A good Prepster ALWAYS hath a lean and hungry look.

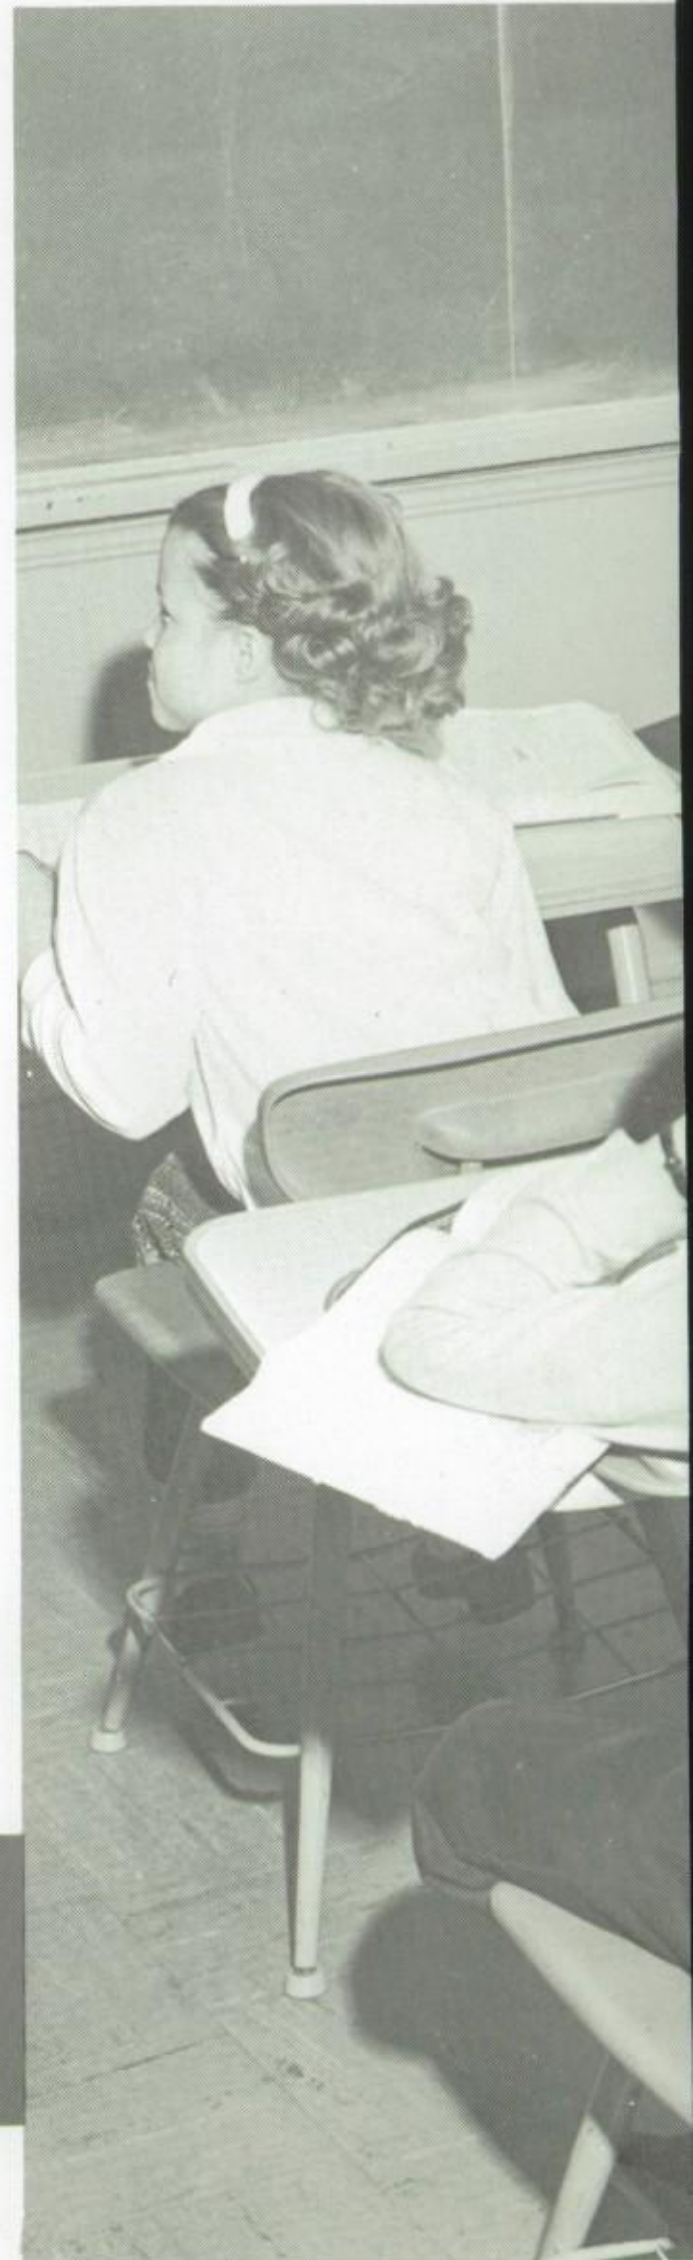

A good Prepster ALWAYS tries to appear intelligent.

Lower School expands Curriculum

In the elementary school children begin their school career of extensive studies and activities. Reading development enables students to read the records of others' achievements and discoveries, formulating questions for later discussions. Number and writing readiness provides pupils with tools for recording their own experiences and experiments. An introduction to foreign languages creates an awareness of other cultures and peoples. Once basic fundamentals are mastered, young Prepsters prepare to face the challenges of advanced studies.

Mrs. Kenny, Mrs. Hancox, Mrs. Jacquish, Mrs. Sturkie, Mrs. Ellis, Mrs. Ricker, Mrs. Schut.

The teachers enrich studies

This year the faculty of the Lower School has contributed greatly to the academic excellence of its students by taking them on many informal and instructive trips, including excursions to the Rutgers labs and art museums, as well as field trips around the Elm Farm campus. Because of deep concern for the individual student, teachers have encouraged self-expression through many facets of the fine arts. Many classes, under their direction, have presented constructive programs to the parents, demonstrating the accomplishments of the students. The many additional faculty meetings of this year also added to the usual activities of the staff.

Mrs. Ella H. Kehoe, Principal of the Lower School, never seems to have a free moment.

Front Row: Mrs. Dixon, Mrs. Kehoe; Second Row: Mrs. Wolfson; Back Row: Mrs. Gamble, Mrs. McGinn.

at Lower School
with many trips.

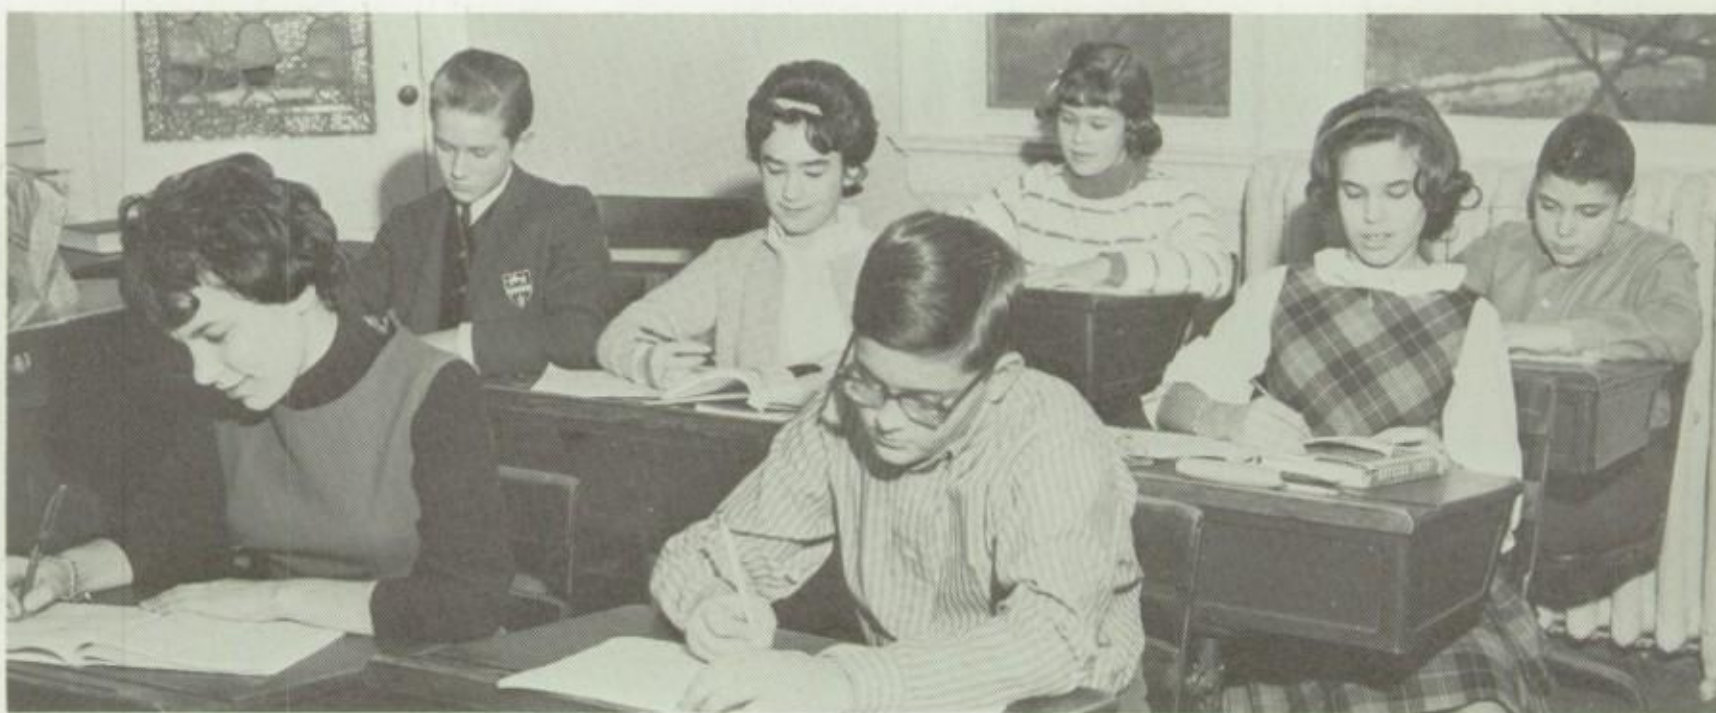

Everyone is proud of the beauty of the Elm Farm campus.

Caretaker Michael O'Meara is a familiar sight on the Elm Farm Campus.

A teacher's work is never done.

SEVERA RES EST VERUM GAUDIUM. Books ALWAYS bring great pleasure to our students.

The seventh graders have taken many unusual excursions this year. Under the guidance of their teachers, Mrs. Dixon and Mrs. Ricker, they took a trip to the Rutgers Computation Center, and also visited the Rutgers labs to observe the entomology department. The students have displayed a growing interest in dissections, even though they are still concentrating on other subjects, such as math, English, French, and social studies. The seventh graders look forward to being part of the Upper School.

7th graders

All Prep students have the world at their fingertips.

Front Row: J. Witkin, P. Jasionowski, L. Lifschutz, J. Serin, K. Borrus, S. Paszamant, Mrs. Ricker; Back Row: R. Szeles,

D. Alsofrom, J. Johnson, Jay, W. Dixon, Wilentz, T. Heaton.

"They only bite if you tickle them."
Seventh graders' first lesson in biology.

"Do frogs really have hearts?" Dissection is begun with great trepidation.

visit the Rutgers laboratories.

Front Row: Rich, Lavine, P. Worthington, D. Cyktor, J.

Blumberg, A. Reitman, Mrs. Dixon; Back Row: Wender, Conlon, L. Jacob, McGinn, Botsolas.

Ictinus would be proud of this. Sixth graders devote several weeks of study to Greece.

Among the varied activities of this year's sixth grade, one of the most outstanding was a trip to the Guggenheim Museum where the class received an informative introduction to modern sculpture. Aware of their duty to the school, students donated the proceeds of their bake sale to the school Library Fund.

"I give up, what's the punchline?" Fractions would stump even the hardest working student.

6th graders visit an art museum.

Front Row: Gross, Lechevalier, M. Weiss, J. Aitken, R. Freedman, P. Dixon; Second Row: Husar, S. Jacobs, Glasser, B.

Lehn, Nemeth, Donohue, Mrs. Ellis; Back Row: McCoy, Jackson, J. Alsofrom, J. Kaufelt, Weimer, Forney.

Front Row: Brady, Gittens, J. Freedman, Halprin, A. Aitken, C. Paszamant, S. Winnett, Mrs. Kehoe; Back Row: P. Vaughan,

Solowinski, A. Morse, Flomerfelt, P. Freedman, J. Scales, Sedneff, P. Shifman, W. Lifschutz, D. Wolfson.

"Yes, Virginia, there's a French Santa Claus, too." French classes believe in discussing the most important current events.

"I say it's a Rembrandt." Fifth graders both create and study art.

Mrs. Kehoe's fifth grade gained knowledge which formed the foundation for later years. They mastered the fundamentals of mathematics and parts of speech, and studied the Western Hemisphere. Studies were correlated with their training in creative work in stories, poems, and art. Students presented a program during the year based on their class work.

5th graders emphasize creativity.

History CAN be fun. To supplement their studies, fourth graders make reports and draw pictures.

Fourth graders this year extended geographic and historic studies to include a fuller understanding and appreciation of lands and peoples, and small groups began minor research, using reference materials. The class also took creative interest in the arts, and, as a lab experience for Douglass students, took part in informal and enthusiastic discussions.

They say all real actors are a little nervous before a good performance. That's why the Glee Club concert was such a success.

4th graders delve into history.

Front Row: K. Cyktor, Karwan, M. Perl, K. Kunz, Bronstein, Lewis, Rulewich, Mrs. Wolfson; Back Row: J. Zirpolo, P.

Lechevalier, Rothberg, B. Pomper, R. Lampen, Daniel, D. Rubin, J. Worthington, R. Szeles; Absent: C. Brody.

Front Row: M. Shifman, J. Cassell, D. Ricker, Goffredo, Darrell, K. Gamble, S. O'Brien, Mrs. McGinn; Back Row: Sil-

verman, J. Johnson, B. Scales, Ferguson, W. Paulus, Fasoli, Farmer; Absent: V. Havens.

"Only fifteen minutes, fifty-three and two-thirds seconds until lunch." Learning to tell time is one of the most essential parts of a third grader's life.

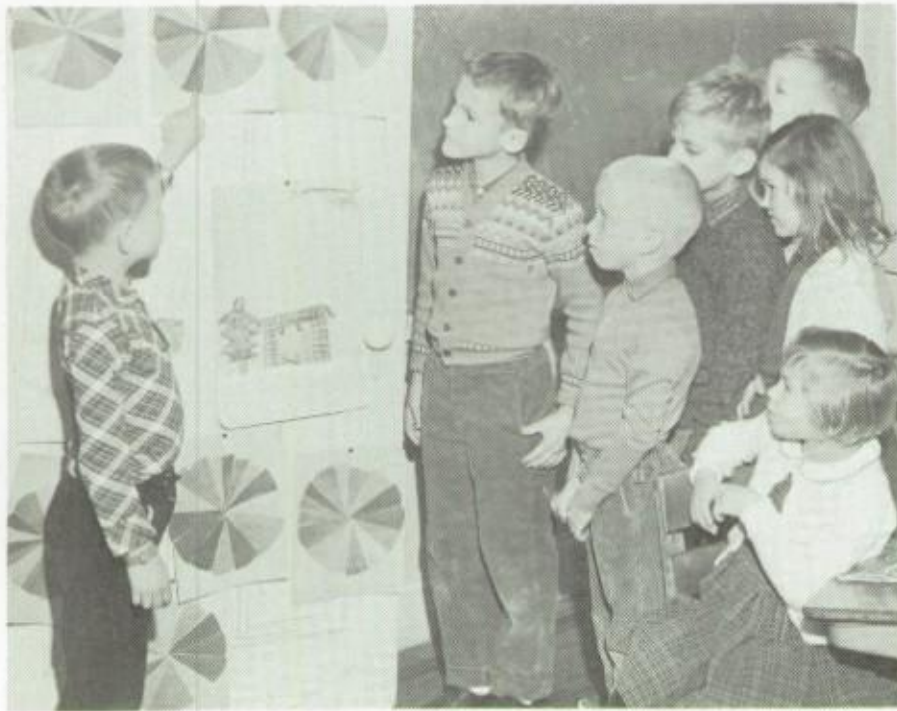

Books, beaches, and boats make studying fun.

Mrs. McGinn's third grade students, whose talents are extensive in art and music, have gained much this year through an added study of French in their curriculum. Moreover, they have produced a play, "A Day in Third Grade," and have taken many interesting trips as a constructive extension of their studies.

3rd graders give fine production.

"If you study, you TOO can be president." The "New Frontier" propaganda is used to urge eager students to study science.

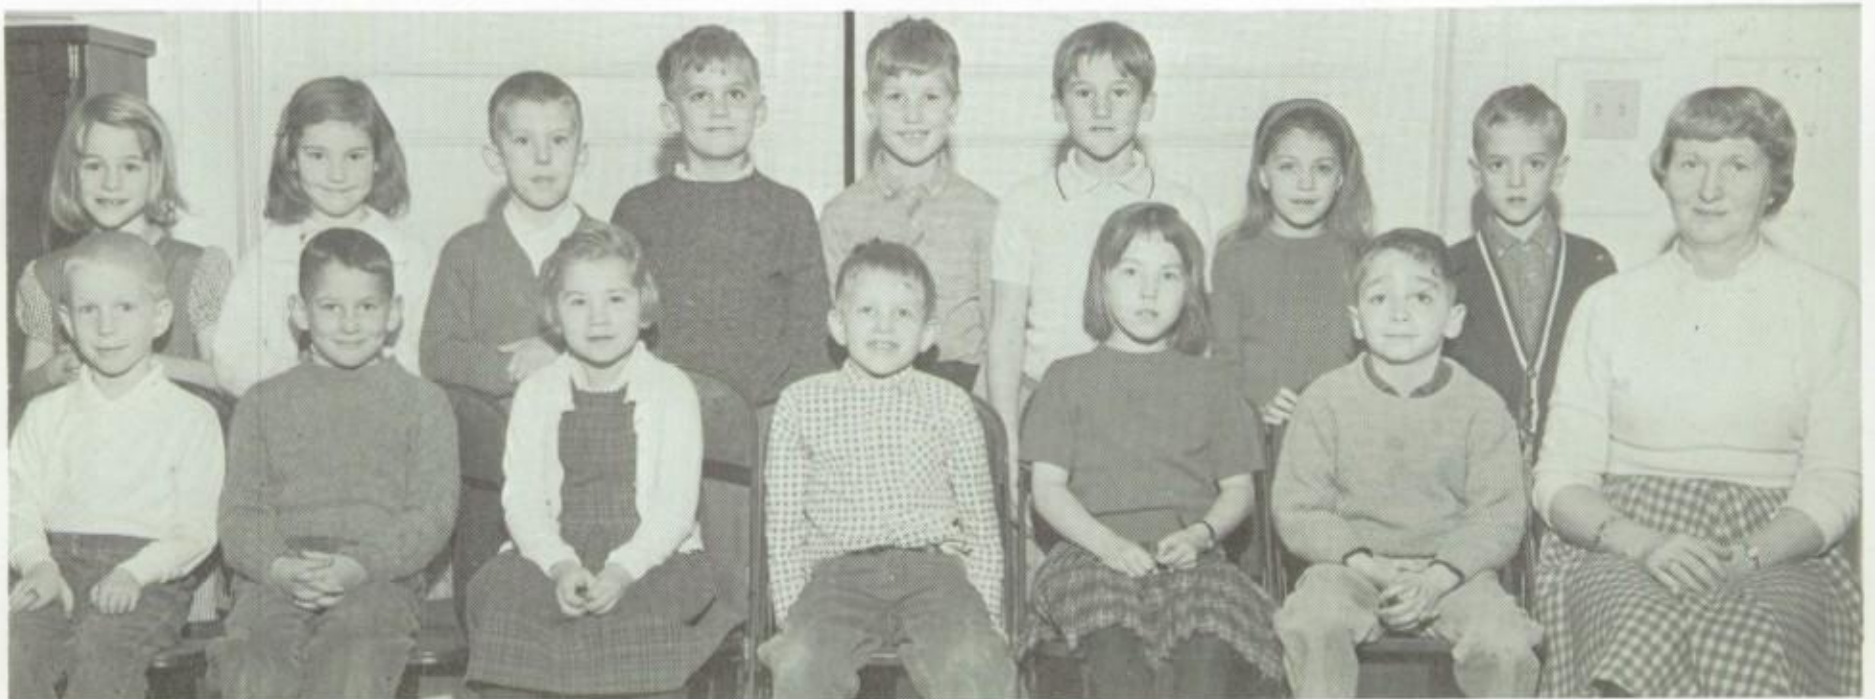

"I THINK the teacher said it was white." The color chart is difficult for any Prepster to learn.

The second grade teachers, Mrs. Hancox and Mrs. Schut, have formulated a curriculum which correlates their major subjects: music, art, reading, science, and social studies. The groups are concentrating on other subjects, too, such as spelling, writing, phonics, and physical education. Mrs. Schut's section presented a program, for the parents, which exhibited some of their class work; Mrs. Hancox's section presented a program which emphasized work in science and social studies units.

2nd graders

Front Row: Vohden, P. Aitken, Daviet, J. Jasionowski, D. O'Brien, G. Wolfson, Mrs. Hancox; Back Row: L. Kunz, Cox,

"According to this, two and two make five."

"And when this happens there is no school."
Weather is a handy science to know.

begin study of arts and sciences.

R. Paszaman, Pfaeffle, Yurko, Davison, B. Rubin, Jacobson, Mrs. Schut; Absent: R. Kuker, Fievisohn, Karo.

Front Row: Jackson, Clarke, Stahl, Wilson, Schoickett, Spritzer,

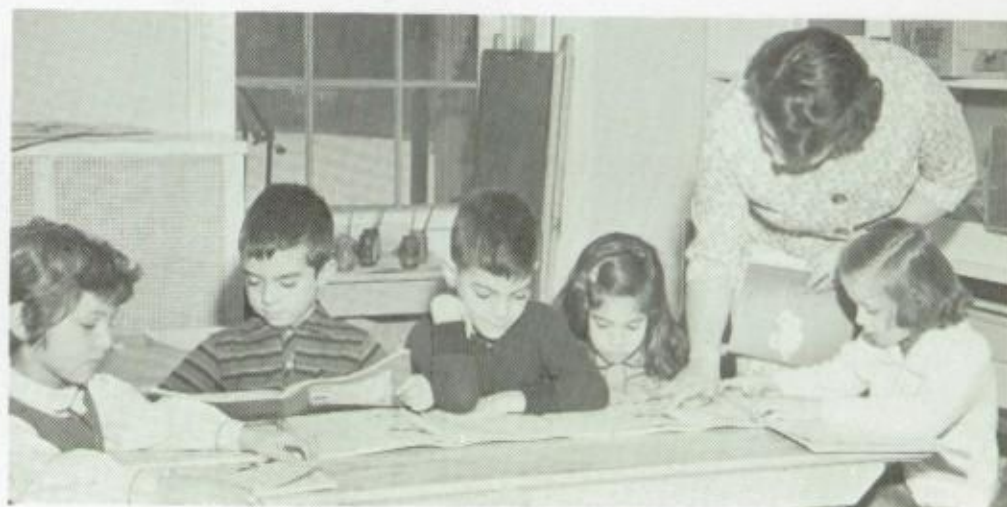

Mrs. Jaquish; Back Row: M. Perl, Zatz, Pomper, Martin, Butler; Absent: Pentz.

1st graders begin formal classes.

One man to write, the others for moral support. In first grade the student learns the difficult task of printing.

Front Row: D. Paulus, Carhart, C. Czarda, J. Shifman, Pramer, Maccini, Mrs. Warr; Back Row: K. Gamble,

These mid-term exams will kill you every time. It's difficult to be seven years old and have to learn to read.

When the first grader graduated from kindergarten, he graduated from a semi-play schedule to a real curriculum which included reading, writing, music, arithmetic, art, physical training, science, and phonics. The study of phonics became one of the outstanding events in the year's curriculum. The first graders demonstrated their newly-gained proficiency in many ways, including a session in which the students read to their parents. Thus began the long road of education.

Klein, N. Kiney, D. Ricker, S. Winnett, Beldegreen, Zimmerman; Absent: Bloom.

Front Row: L. Gamble, P. Bloom, Johnson, C. Weigend, Schwartz, Wolff, Mrs. Kenney; Back Row: R. O'Connell, R.

Jasionowski, Tripard, L. Berg, Hornby, Krauthamer; Absent: Spurduto, K. Lindenblad.

This year the kindergarten classes of Mrs. Kenny and Mrs. Gamble varied their class activities to create an even greater interest in the curriculum. Among their studies were included reading and number readiness, designed to introduce students to basic fundamentals. Although class trips were confined to the Lower School campus, the class members were able to supplement classwork and gain new ideas for future class projects, especially for the newly formed science program.

"They won't laugh when we build our super highway."

A mother's work is never done.

Young pupils learn about Prep.

Saltzman, Reisfield, Peterson, Greenberg, Simon, Cayer,

Toby, Mrs. Gamble; Absent: Alexander, J. Fasick, Fievisohn, Trense.

All the king's horses and all the king's
men couldn't put Humpty together again.

Wynken, Blynken, and Nod

"A child . . .

Now isn't that a pretty dish to set before a king?

Rain, rain, go away. Come again some other day.

is to turn pumpkins into coaches."

-Shelley-

And she shall have music wherever she goes.

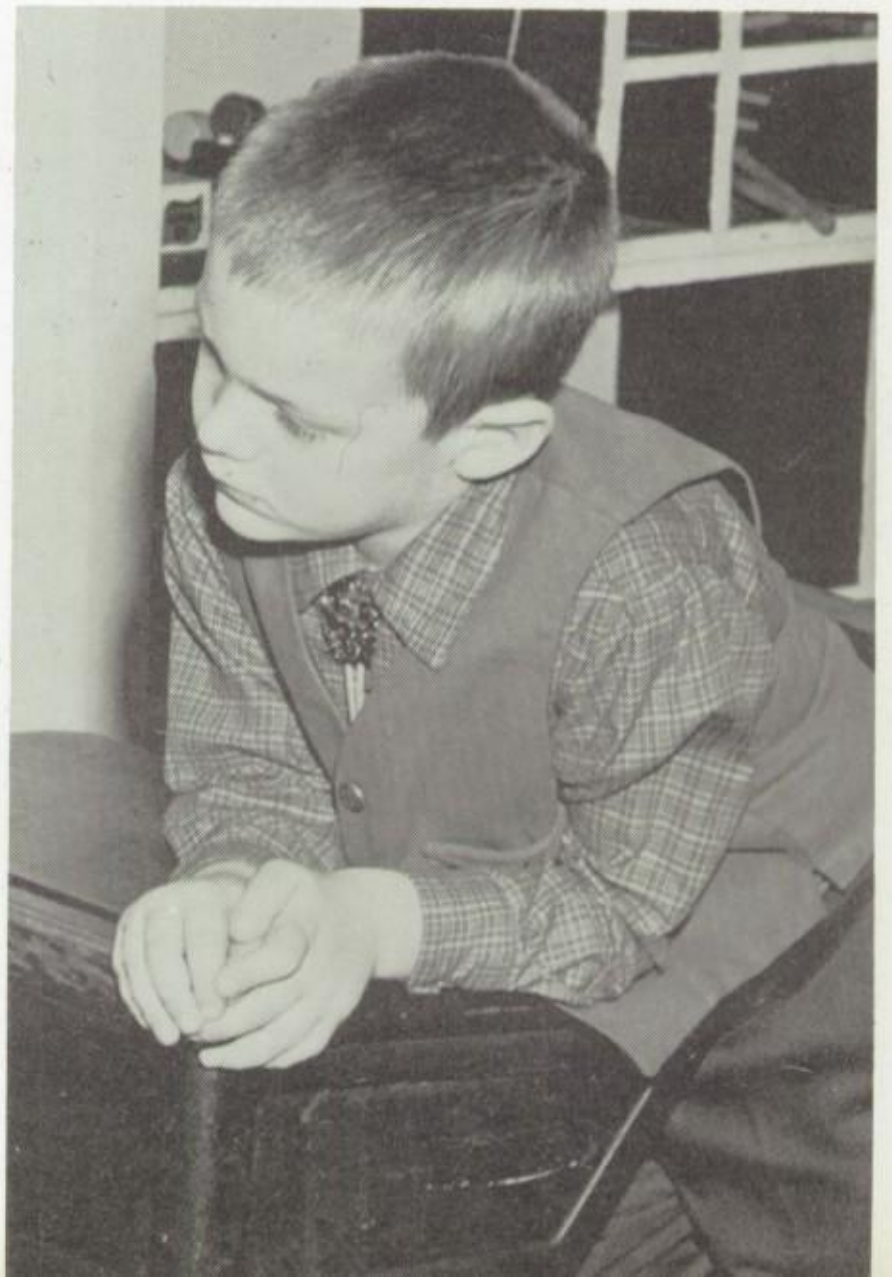

And when she got there, the cupboard was bare.

Little Jack Horner sat in the corner.

Polly, put the kettle on, and we'll all have tea.

Activities round out school day . . .

Activities play an important part in a Prepster's school career. There are organizations to accommodate every area of interest. Athletic clubs are open to those with notable records in the various sports. Several seminars provide lectures and listening periods for students interested in the history of music and the understanding of great philosophies. The science clubs supplement class work and lab periods. Publications and language, math, and music clubs serve to round out a student's education.

President Kolbay looks fresh and new, but wait 'til after the meeting!

Senior class president Turtleaub demonstrates his lack of mechanical ability.

Student Life Committee backed

Mr. Dumarae, advisor to the Student Council, rules with stick in hand.

The Dance Committee plans another of those elegantly lavish dances.

Prep's demagogues — President Kolbay and Vice-President Deutsch—revel in their power.

With the money Treasurer Peachey has, and the written power Secretary Schaffer has, they can do anything.

The 1962-63 Student Council takes great pride in the increased student-faculty cooperation. A meeting between student leaders and faculty representatives was very successful, resulting in many suggestions for next year. Among these were some concerning the guidance system, the activities' program, and increased student responsibilities. The students, mainly the seniors, will become an integral part of the guidance system, especially in the orientation of new students. The Council, this year, is deeply concerned with preparation for the move out to the new campus, and as a result of this concern, it has been able to help the school administration in planning many of the aspects of student life for next year.

by Council.

"Carol, either you agree or you'll be our first involuntary exchange student to Africa," says head of International Fund Turtletaub.

"Organized" staff creates prize

An editor's work is never done; Carol works from sun to sun.

"It's just impossible to even THINK that layouts can be THIS bad!" complain editors Barb and Amy.

A Levowitz arrived in a care package to help all the distraught editors.

publication.

In its inimitable way, amid chaos, greasy potato chips, and frizzled tempers, the staff of the 1963 **Ye Dial** has somehow managed to produce the "greatest masterpiece in the history of yearbooks." The staff, dominated by its many dictators, has often had to overcome insurmountable hurdles: working with a new company, enduring hunger pangs, pasting up proofs, cutting three-foot montages, and losing mountains of copy. Despite all, in that **Dial** spirit, after an infinity of impossibilities, a yearbook evolved — to everyone's amazement.

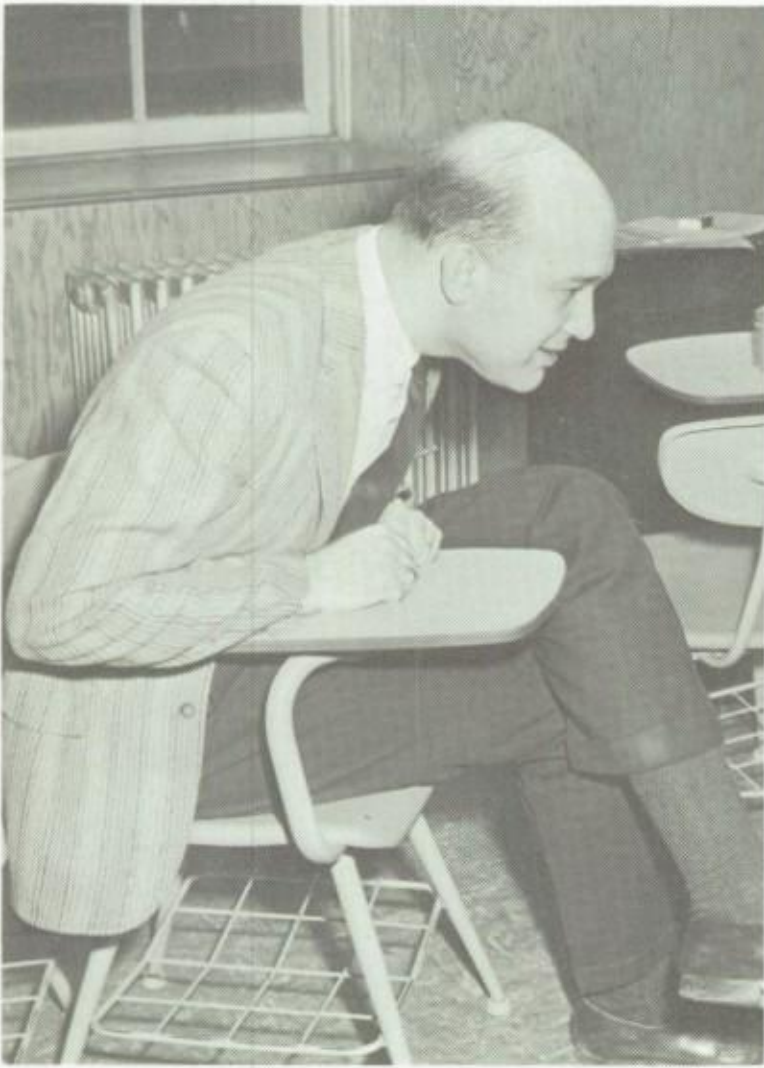

If the photography staff can't agree on a photograph, it's getting pretty bad.

Now what in the world could have given Mrs. Wilson the jitters?

Front to back, left side: Braunstein, Fishtein, Neivert, Kane, Lehn, Goldsmith; Front to back: Levy, von Erffa, Matusz, Hamelsky.

Hello-o-o-o Dolores!

The A stands for ARGO. Left to right: G. Spiro, Gottlieb, Kramer, Eskow, Nardone and Patt.

Always precise,

"You touch that typewriter, Zirpolo, and I'll drown you!" (ARGO and YE DIAL in conference).

Hello-o-o-o Mr. Lasser!

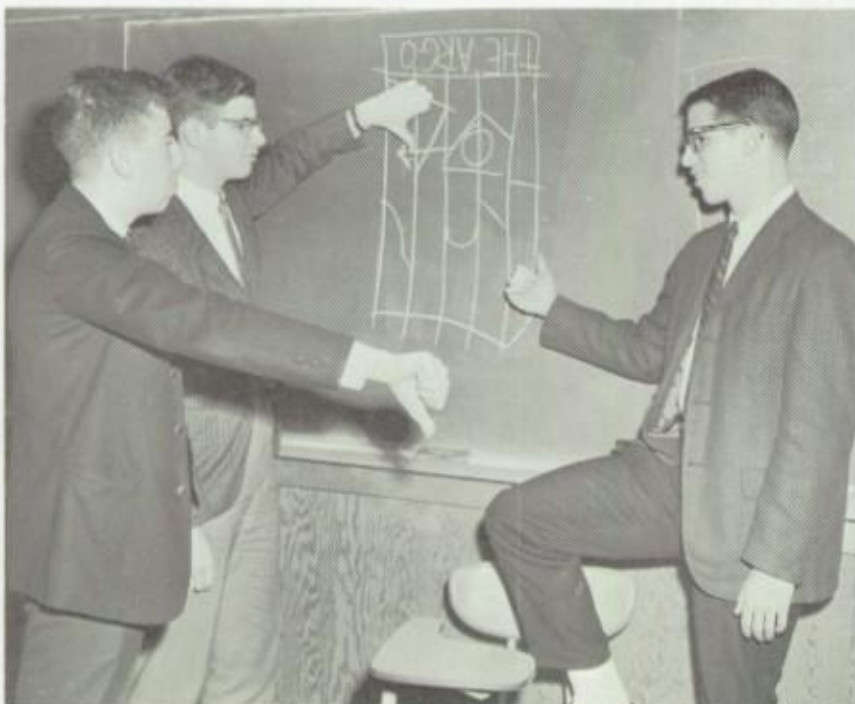

Front Row: Kaufelt, Morse, Dubin, Rosenzweig, Lichtman; Second Row: Hamburger, Collard, Zagoren, Krafchik, Kramer,

Lederman, Belafsky, Scillia, Alexander; Third Row: Borrus, D. Pickar, Taub, Montagna.

the Argo reports school events.

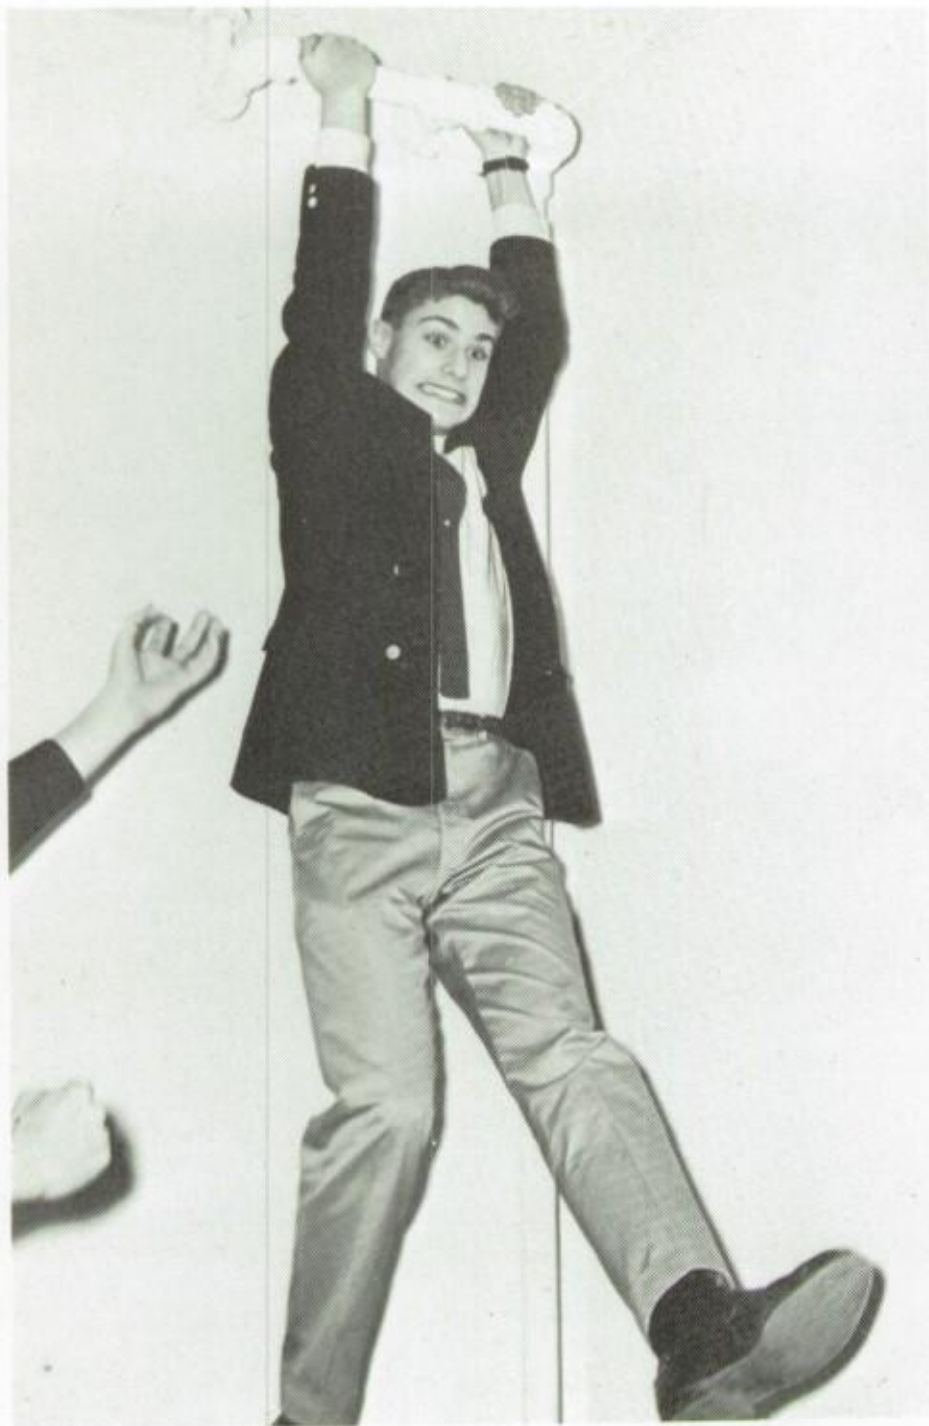

The **Argo** is seventy-four years old, and, the staff believes, a miraculous milestone in the history of journalism. The irregular meetings are a flurry of news-hunting, proofreading, typewriter-stealing, writing-cramp cries, and squeals of laughter over what might be said in the paper. **Argo** reporters cover everything from basketball games to student riots. This is an award-winning publication, and the staff which puts out the paper is a small but hard-working one.

Upside-down and backwards editors of the upside-down and backwards **ARGO**: Jacobs, Rosenberg, Shapiro.

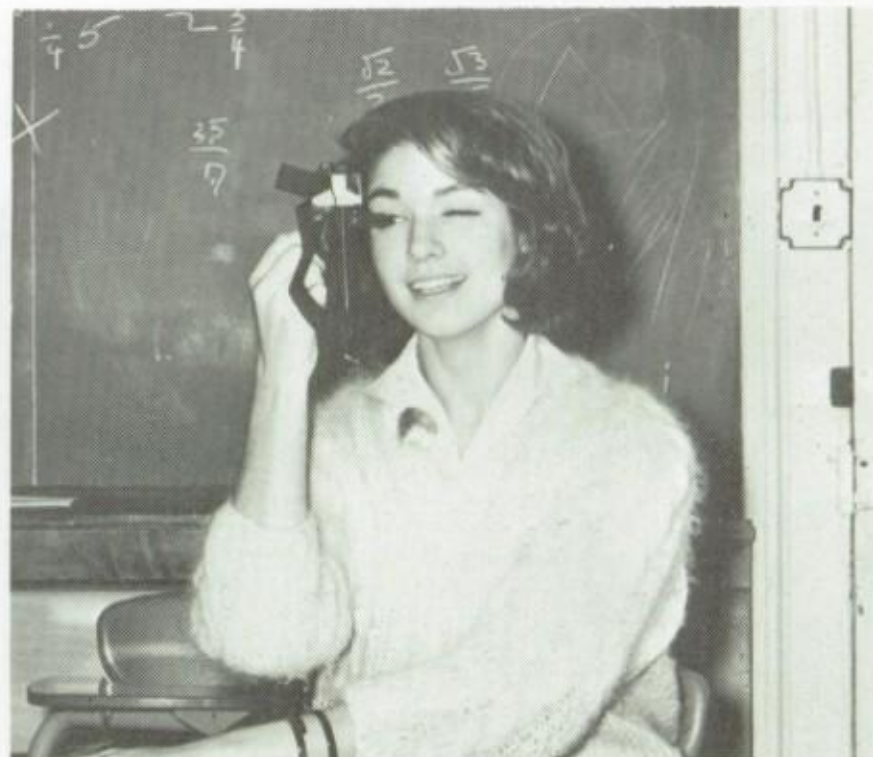

Typing Editor Ehrlich and Correspondence Editor Rabinowitz, with assistants Rosenzweig and Lichtman, are amused by exchange newspapers.

Robby defends his opinions during a heated discussion.

"Oh — ho — ho!" This is our leader.

Free-for-all

Argomag meetings, adhering to traditional solemnity, preserved dignity through karate lessons and sombre atmosphere with literary discussions. Unfortunately, Kaufelt never learned to choose the right side of the argument. In fact, nobody ever figured out what the argument was. The staff feels rather badly, for they have reached the zenith of literary achievements, leaving no room for improvement in future magazines. They have, therefore, added a new indoor sport to their festive gatherings — popping corn.

The Family Portrait.

This is our emerging young editor. Color her.

This is an emergency. Draw Marion's skirt.

Argomag meetings do create!

"Get your desk out from under my foot!"

Princess Summer-Fall-Wintersteiner, Chief Thundercloud, Mrs. Bluster. Color them animated.

Glee Club performance reflects

First Row: Schaffer, Shelley, Schwartz, Lehn, Neivert, Greenwald, Glaser, Fishtein, Levowitz, Rabinowitz, Cahill, Welzel, Mrs. Heaton, K. Kane, Klingler, Matusz, Coombs, Levy, M. Miller; Second Row: B. Kane, Adler, Deutsch, Tomkinson, Kluff, Goldsmith, J. Gunkle, Jacobs, Konowicz, Eskow, Rosen-

berg, Weisenfeld, Safran, Witkin, Kovacs, Dunlap, Hamelsky, Dower, Bredemeier, Davis; Third Row: Wilmot, von Erffa, Wintersteiner, Zirpolo, Lampen, Kellogg, Nemeth, J. Owens, R. Zagoren, J. Owens, Emanuel, R. Seidel, Rosenblum, Gottlieb, Dubin, Bower, Fisher, Meuly, Kramer, Resta.

What we lose in quality we make up for in energy.

Not only does the Glee Club give concerts, it also pulls in an audience.

successful year.

This year, under the direction of Mrs. Heaton, the Glee Club, comprised of nearly one-half of the student body, presented its annual Christmas Concert and with much success. The accompanist for the evening was Karen Kane. The remainder of the year, the club members studied the score from "The Sound of Music" and practiced on individual parts. A relaxing and rewarding activity, the Glee Club hopes to incorporate even more members in the following year.

It was basically Mrs. Heaton's infinite patience which made the Glee Club concert a success.

"All right, now, altos, raise your hands."

As an award for her perseverance and excellent playing, accompanist Karen Kane received a poinsettia plant.

Prepsters give rapt attention to practices.

Varsity R men serve the school.

The club is planning another notorious money-making scheme.

The officers of the Varsity R Club discuss — athletics.

The Varsity R Club incorporates the best of Prep's athletes. This club is responsible for the popular pep rallies. To raise money, members sold booster buttons and pep cards, at the same time increasing school spirit at sports events. This year they distributed the spring sports schedules to the school.

Front Row: Jorgensen, Huber, Konowicz, J. Gunkle, Krafchik, Lederman, Kolbay; Second Row: Collard, Smith, Pepper, Con-

nolly, Varady, Kennett; Back Row: Mr. Sperduto, Eskow, Adams, Hillebrand, Burke, G. Drew, Voorhees, M. Miller, Reich, Peachey, Yacknowitz, Landau, Sutherland.

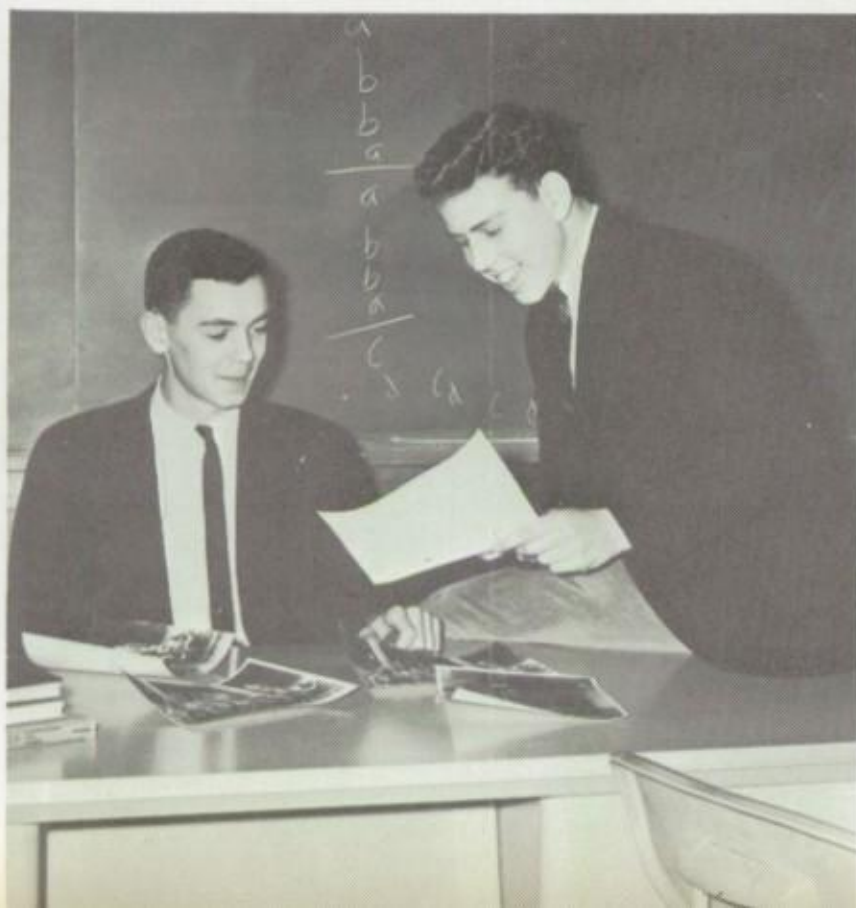

Front Row: Gelber, D. Pickar, Peachey, Landau, Porges; Back Row: Gottlieb, D. Lampen, Krafchik.

Historians amass valuable records.

Mr. Sperduto's History Club has divided into committees working on Prep's history. The groups perform various services: compiling sports information, old **Argos**, pictures, and other records; and gathering information on Prep's adopted child. Still others check the **Daily Home News** for the articles on alumni and the Prep School.

The building has been here since 1766?

Let's file our claim on the new campus.

Front Row: Kaufelt, D. Pickar, Tucker, Rolland; Back Row: Mr. Gaggini, Miller, Heinlein, Molnar.

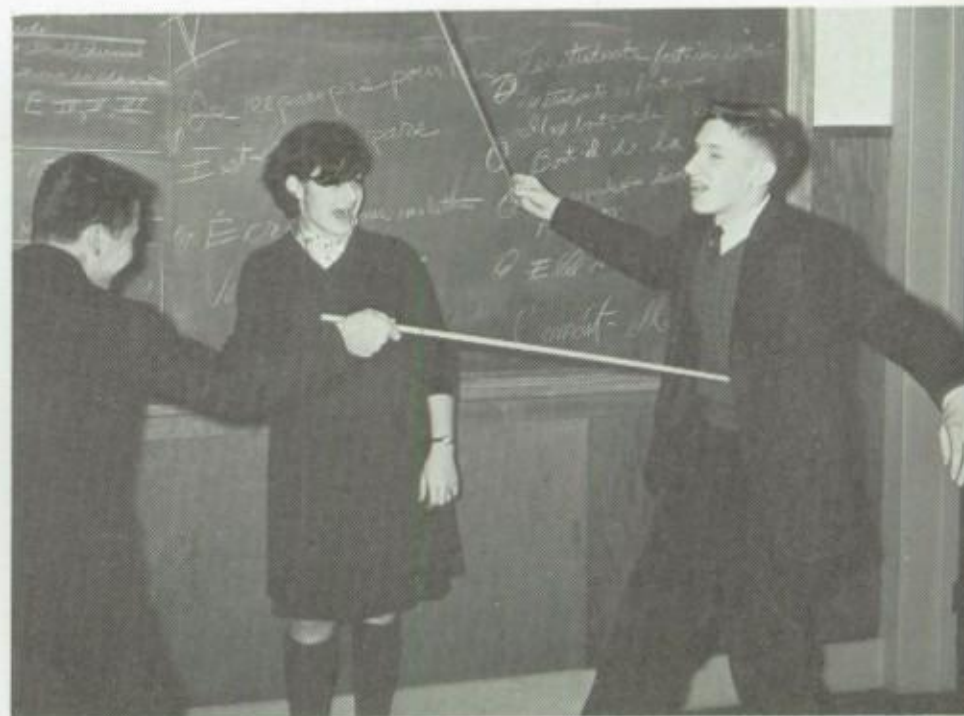

Frenchmen increase vocabulary.

Life, liberty, and fraternity.

French Club members have extended their knowledge of the language through various anecdotes and films. The French-speaking freshmen and sophomores have studied Rostand's **Cyrano de Bergerac** and have seen several documentaries dealing with French possessions, industries, and culture. Discussions and stories about stimulating topics rounded out the club's program.

Cyrano hits a ticklish spot.

German Glub alternates agenda.

Pulleeze, Mrs. Rooda, I'd rather drink it myself!

You mean they have Corvettes in Germany?

The German Club tried a new system of holding meetings. The students could not decide whether the club should concentrate on German poetry and literature or movies and records. They voted to meet every week and to alternate the programs. Students participated in both, or that section which interested them.

Front Row: Fisher, Berger, Sweeney, J. Owens, Kolbay; Sec-

ond Row: Konowicz, Cano, C. Schwalje, Kosa; Back Row: Firczuk, Warsaw, Voorhees.

Bio enthusiasts meet bi-weekly.

"My hair DOES NOT look like that." Ah, the wonders that are learned in Biology Club!

The Biology Club, directed by Mr. Daviet, has been divided into two groups. The members have done individual dissections, particularly on small sea animals. Through increased effort, the Biology Club has expanded its activities, now ranging from microscopic explorations and experiments to scientific trips.

"It was either me or the snake . . ." explains Mr. Daviet.

Front to back, Front Row: Lederman, Callaghan; Second Row: Tomkinson, Fishtein, Rosenzweig, Czarda; Third Row: Borrus,

Morse, Cassell, Pickar; Back Row: Roland, Dubin, Hamburger.

Standing: Turtleaub; Front Row: Kalish, Kramer, Levenson, Mr. Lasser; Back Row: Gumbs, M. Morse, Rabinowitz, Callaghan, Dunlap.

Debate topic-Common Market.

An agenda emphasizing student congresses and intramural and interscholastic debates highlighted this year's Debating Club. Under Mr. Lasser's direction, the members staged debates based upon such subjects as world trade and America's relations with the Common Market.

"I'm for the Common Market because I'm dying for one of those foreign sports jobs." Al debates on subject close to his heart.

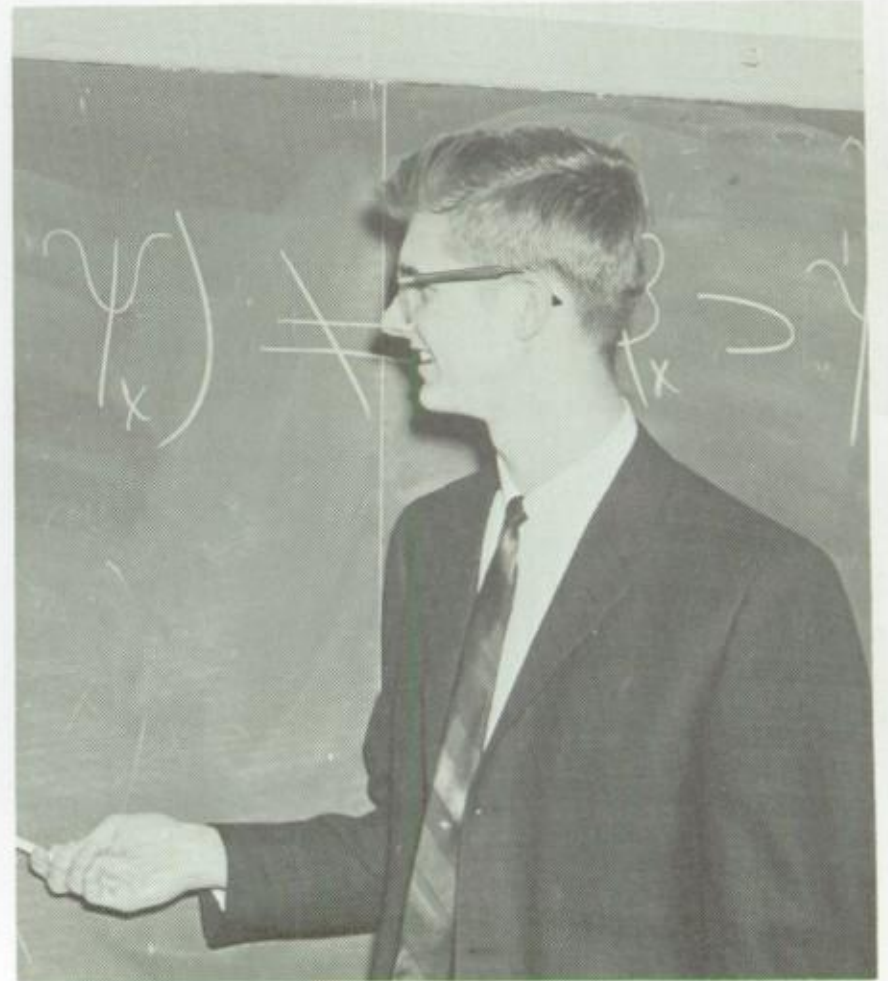

"We might be trying to simulate Congress, but twenty-four hours of filibustering is a little too much," argues a very tired Dunlap.

Logic Club evaluates arguments.

In the Logic Club, directed by Mr. Paskin, members studied the logical structure of language, learning techniques for the analysis of valid arguments. In learning the process of distinguishing between the valid and invalid, they included study of the symbolism of singular and general statements, analyzing their meanings.

Logic is a process of the head not the hands, even though the club members are trying their best to dispute this.

It would be easier to put it in a hat and pick out the answer.

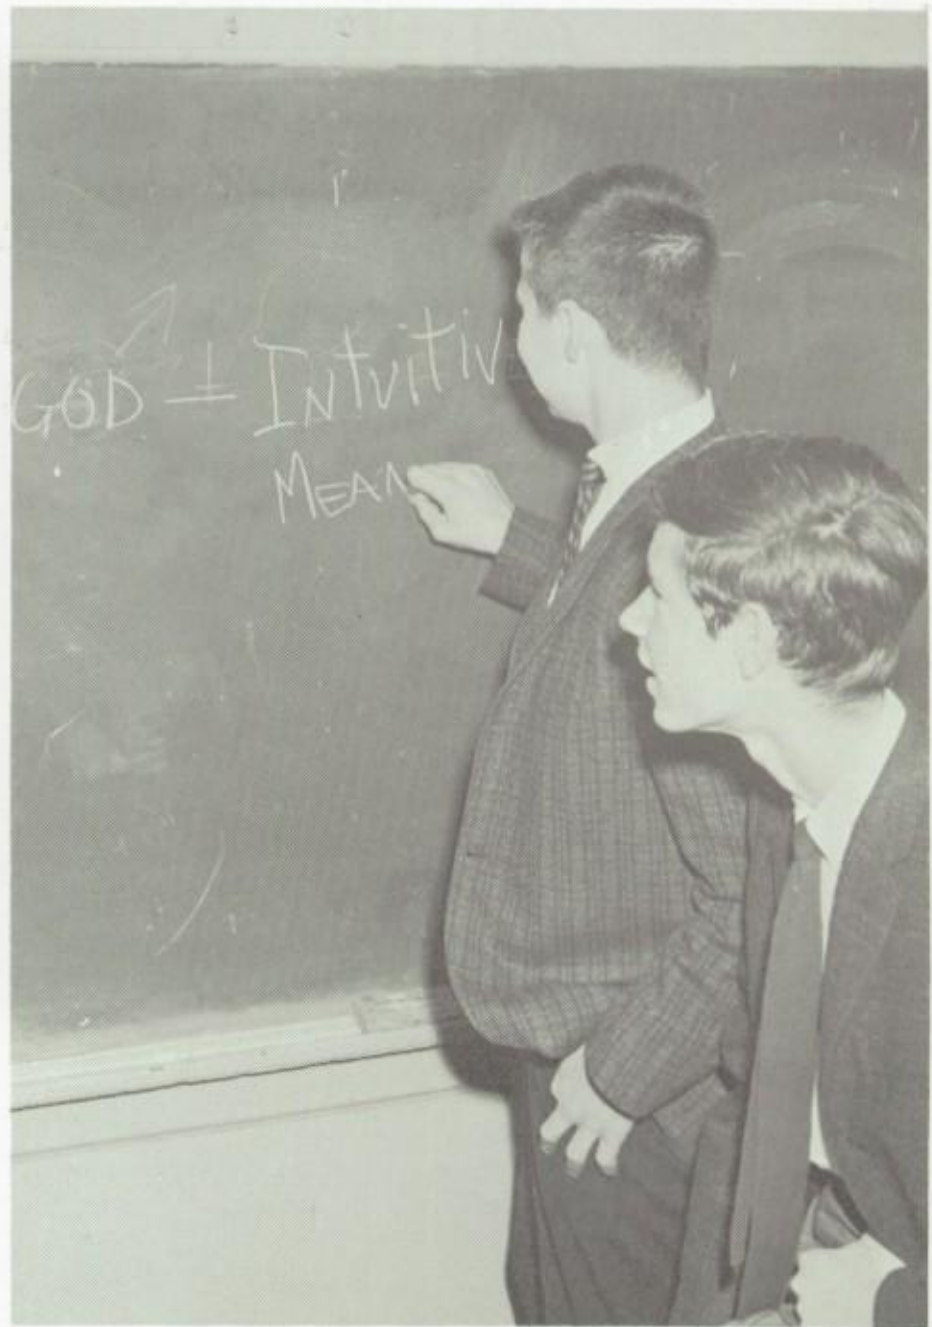

Scillia, G. Drew, Mr. Paskin, Firczuk, M. Morse.

Meditation takes many forms.

The Philosophy Club, under Mr. Paskin, devoted most of its time to a thorough study of existentialism. Student-led discussions were based on William Barrett's book **Irrational Man** which deals with the philosophies of leading existentialists. The remainder of the year was spent in studying Heidegger, Kierkegaard, Nietzsche, and Shaw.

"Take God for instance."

Philosophers study existentialism.

Front Row: Berger, T. Miller; Back Row: Diener, Smith, Kellogg, Weiss, Kramer.

Front Row of tables: Borrus, Rolland, Dubin, Taub, Lederman;
Second Row of tables: Duschock, Freese, Hillebrand, Jacobs,

Lebow, Brown; Back Row of tables: Mr. Blake, Montagna, Patt,
Laver, Delcau, Burke, Rosenberg.

Members compete in tournament.

In Chess Club silence reigns.

Under president Alan Gumbs Chess Club members successfully initiated a program of selective competition within the group. Five top members were chosen and weekly matches scheduled. After experiencing well-played matches within the club, members challenged chess teams of Highland Park High School to a tournament, the second of its kind.

Whether you're President or not, Al, a three-handed game is not allowed.

In its sincere attempt to honor deserving students, this year's Key Club discussed the possibility of a new system of evaluation and credits. Members, seeking constructive changes in club organization, also considered a new basis of awarding the two honor prizes given at graduation for outstanding students' contributions and achievements.

Carol and Karen wonder who will get the Liberty Loan prize; everyone else wonders who will make Key Club.

Our staunch, stable, sleepy leader.

Key Club honors worthy students.

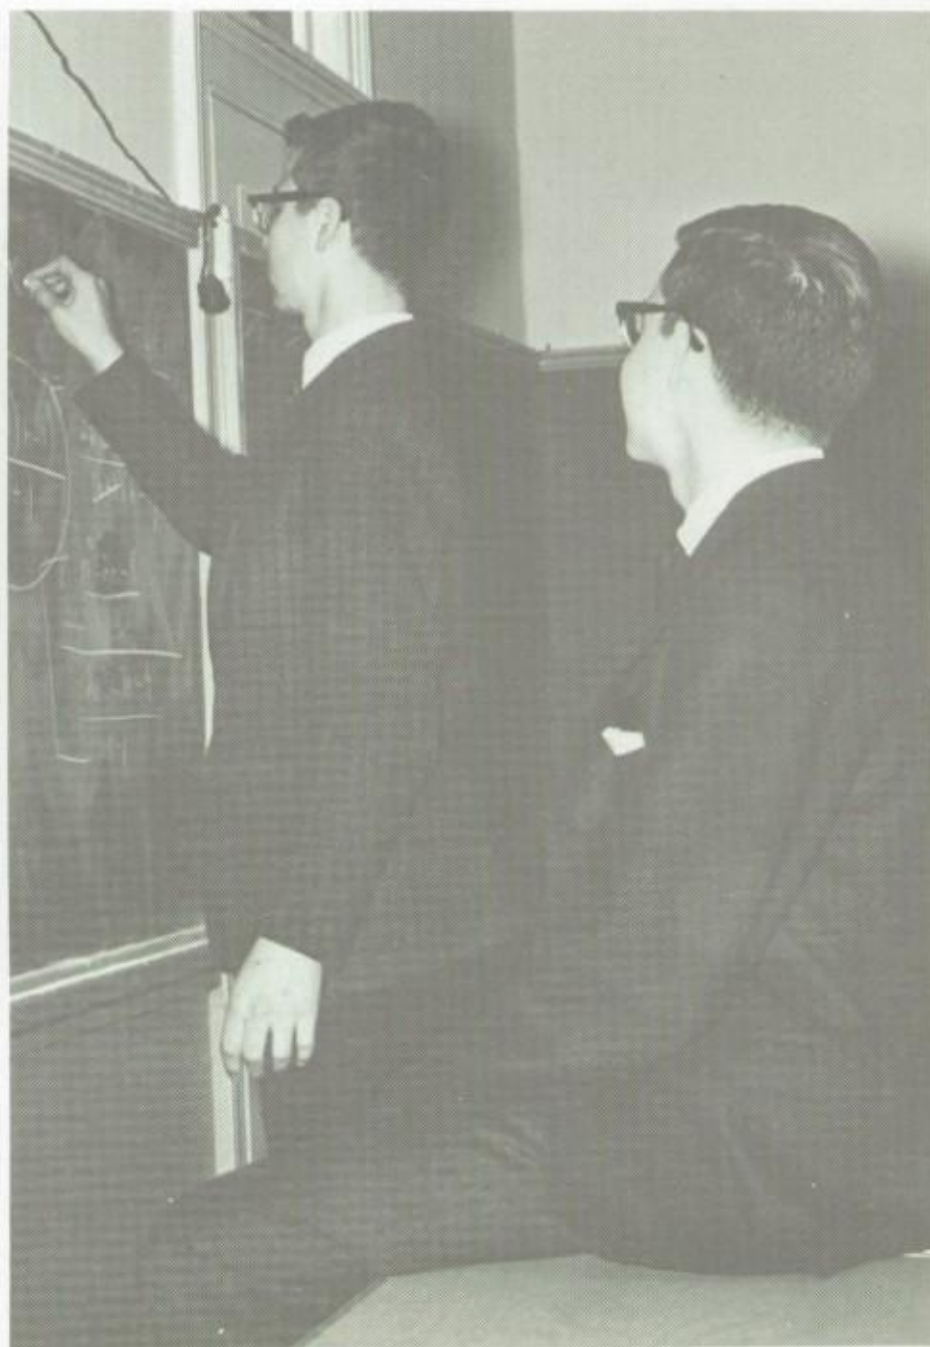

Wintersteiner, Levowitz, Resta, Hutner, Tomkinson, J. Gunkle; Absent: Deutsch, Drew, Kane.

He's got the big stick right, but what happened to the talk softly?

In its first year of organization, the Math Club, directed by Mr. Zezenski, instituted a format of closely related lectures on various articles and publications pertaining to the study of mathematics. Nearly every lecture was conducted by the members themselves in an effort to increase student participation in activities.

Diener goes off on a tangent.

Math Club gives lecture series.

Front Row: Callaghan, Diener, Liroff, Vaughan; Back Row: Mr. Zezenski, Jacob, Smith, C. Schwalje.

Front Row: Levenson, Jacob, Denker; Second Row: Molnar,

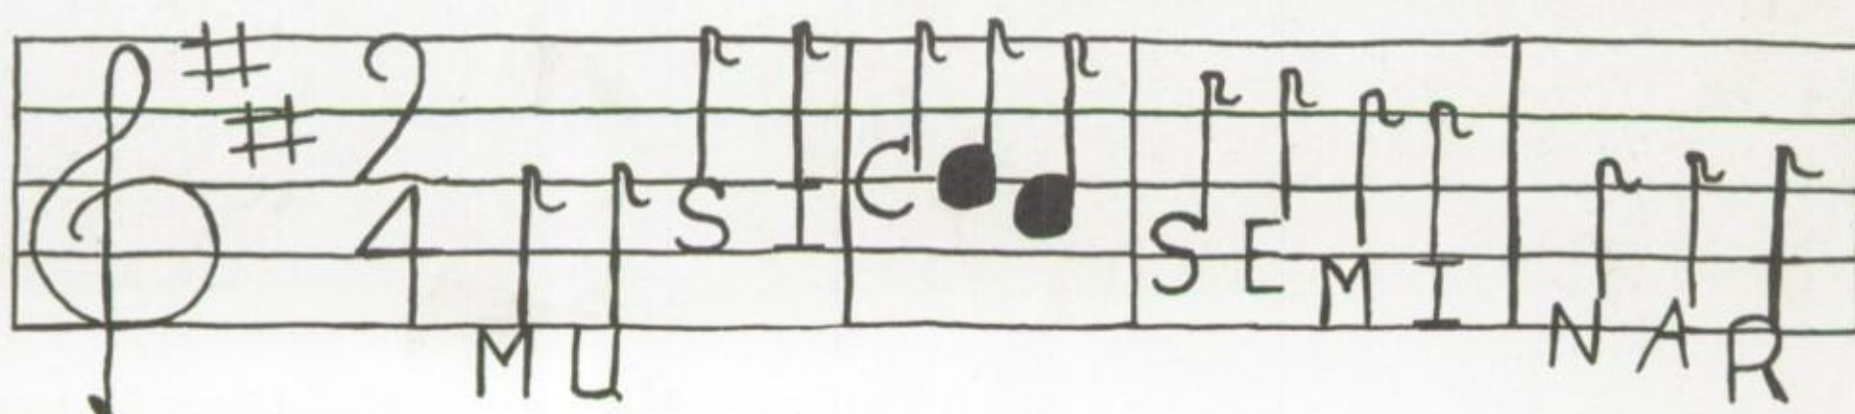

Bower, Vaughan, Cahill, Spiro; Back Row: Krafchik, Konowicz, Matusz, Mr. Zezenski, Rabinowitz, Schwartz.

Music soothes the savage beast.

It takes both Caroline and Ralph to manage one record.

The new Music Seminar was created to offer an informal course in music appreciation and history. Lectures given by Mr. Zezenski emphasized the changes and similarities within specific periods and styles of music. The course of study and listening began with pre-Renaissance music and continued to present contemporary compositions.

Prep scores high in sports meets . . .

At the end of each school day, all students begin daily sports' practice. For the boys, in the fall, soccer and cross-country give opportunity for rigorous activity and spirited competition. During winter, they have a choice of wrestling, swimming, or basketball and, in the spring, basketball or lacrosse. The girls, too, participate in a variety of seasonal sports. This year's athletes have added many victories and awards to Prep's rapidly growing list of records.

Front Row: J. Gunkle, Yacknowitz, Krafchik, Gumbs, M. Jacobs, M. Miller, Voorhees, Huber; Back Row: Eskow,

Smith, Adams, P. Schwalje, Lederman, Peachey, Reich, Varady, Nemeth, Safran, W. Landau, Busch, B. Pickar, Coach Spurduto, Belafsky.

Zirpolo shows Kline a thing or two as Prep tangles with Wardlaw.

Peachey wiggles away after an unsuccessful shot.

Varsity booters

Recording a record number of All-Staters, Dan Varady, Ken Krafchik, and Mike Jacobs, this year's soccer squad earned a co-championship in its Private School League. After a disappointing tie with Wardlaw in double overtime, the war-hungry Argonauts gained their revenge by defeating the Rams 4-3. Later in the year, the booters conquered a powerful Edison High team and then finished the season with a close loss to state champion, Jamesburg High.

Gerson, Konowicz, Kennett, J. Owens, Pepper, Shapiro,

Kellogg, Burke, R. Zagoren, C. Connolly, G. Drew, Rolland, Coach Fenstermaker.

Two place in meet.

While this was the cross-country team's second year of competition, it was its first year of state competition. The team outran Carteret Prep and Montclair Academy. Top men Bill Young and Carl Connolly both set excellent records at 15:02 and 15:05, respectively, for the 2.7 mile-course. Young took 6th place and Connolly 10th in the state meet. Coach Robert J. Fenstermaker is anxious to develop two more boys to round out the team's capabilities.

Konowicz is doing the 2½ mile twist.

Connolly and Young race for refreshments after East Brunswick meet.

The Prep Follies are here again!

You shouldn't tease Amy that way.

Captain Levowitz demonstrates
her new cheer.

"Can't we settle this peaceably?"

"If we can't beat them, let's scare them."

This year the varsity cheerleading squad increased its number from eight to ten. Strict precision was displayed by the cheerleaders, under Captain Amy Levowitz, during practice or at soccer and basketball games. After an exciting season (those games with Wardlaw) each girl received a small gold megaphone. The squad introduced the new Cheerleaders' Club, elected President Barbara Deutsch and Secretary Barbara Schaffer, and composed a Cheerleaders' Constitution.

"... the team was in the huddle."

"Girls, is this all we can say in the Constitution about our integrity?"

Cheerleaders organize a new club

Left to Right: C. Czarda, Schaffer, Tomkinson, E. Levowitz, Freedman, Alder, Deutch. L. Spiro, R. Cassell.

Varsity Cagers exhibit talent, skill,

Front Row: Dubin, Landau, Turtletaub, M. Jacobs,

Konowicz; Back Row: Callaghan, Diener, Collard, Krafchik, Coach O'Connell.

Young goes up for the tap as Turtletaub readies for the rebound.

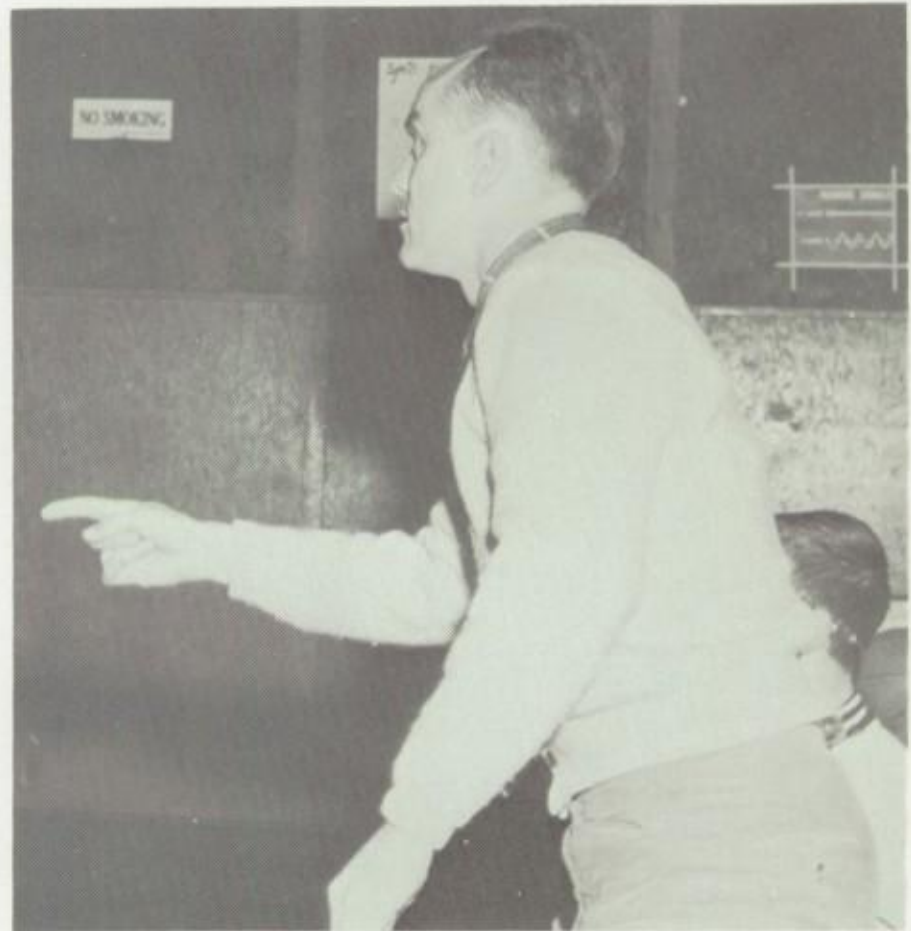

Shooting for its first winning season since 1956, the Prep Cagers, co-captained by seniors Bill Young and Marc Turtletaub, split their first sixteen games. The leading scorers were Turtletaub, a returning all-state forward, with a twenty point average, and junior forward Mike Jacobs, who hit a fifteen point clip. Lack of height often hampered the squad, although one of its best games was a two point victory over a tall Morristown Prep quintet.

Dubin drives in; not even Franklin's Baker can stop him!

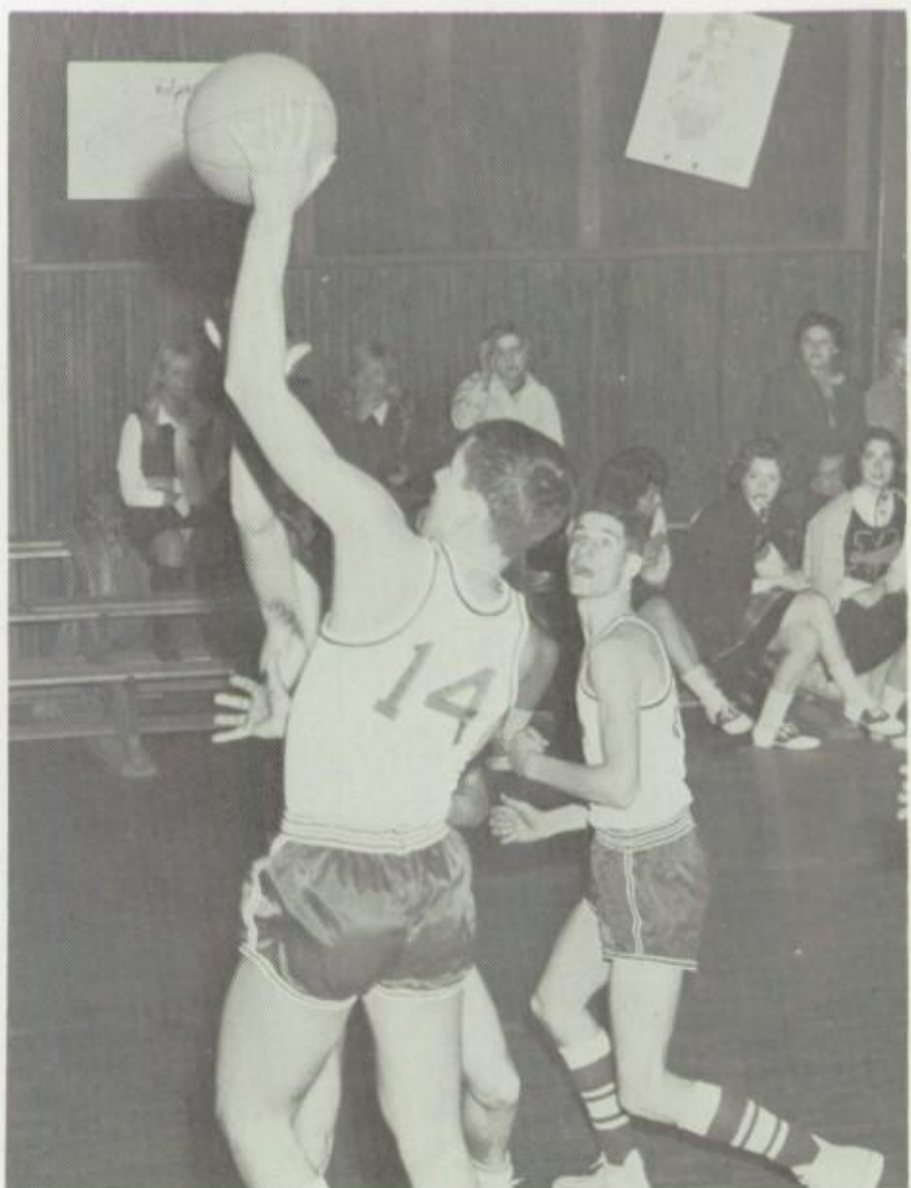

and improvement in season's games.

"Hey, Murph, get in there and fight!" orders Coach O'Connell.

Pepper pops for two!

Konowicz struggles for rebound in 2-point victory over Morristown.

Front Row: Pepper, DeVido, Hillebrand, M. Miller, Firczuk, B. Connolly, C. Connolly; Second Row: M. Morse, R. Kaufelt,

Lederman, Farkas, P. Schwalje, Kennett; Back Row: Smith, C. Coopey, Taub, Rosenblum, Kirsch, Zirpolo, Coach Fenstermaker.

Mermen threaten staunch opponents,

Be they optimistic or otherwise, Mermen are ready for the relay.

Captain Zirpolo lunges for another first.

This year's mermen drowned many previous records. Steamdrenched spectators cheered on Captain Ray Zirpolo, a consistent 50-yard freestyle winner, who bettered his time to 24.5. Rob Kaufelt in the breaststroke and Mike Morse in the 400-yard freestyle improved phenomenally. Coach Robert Fenstermaker, after snatching away toy boats and mermaids from the swimmers, has maintained Prep's competent threat to other swim groups. The relay team has often won the deciding seven points of a meet.

Actually Farkas and Connolly came in so much ahead of everyone else, they have time to stand and watch.

Top backstrokers Kennett and Schwalje knife the water after take-off.

strengthen relay.

Hillebrand is thirsty for a win in the breast stroke.

400 yards can be an awful long way to go when you're just beginning.

Relayers Rosy and Carl "dive" into their work.

Coach Fenstermaker beams—another first.

Front Row: Coach Bedrosian, C. Schwalji, Ulan, Gelber,

Sahner, Brown; Back Row: J. Owens, Kolbay, Weisenfeld, J. Owens, Safran, Kellogg; Absent Scillia.

Wrestlers launch a varsity team.

Co-Captains Jack Owens and Steve Safran demonstrate the start of the arm drag.

During its first year of varsity wrestling, the Prep wrestling team kept its spirit high despite its lack of consistent success. Coach Allen Bedrosian taught the fundamentals of wrestling to the largely inexperienced team. Co-captains Jack Owens and Steve Safran and wrestlers Bruce Gelber and Jim Owens won several of their matches. Since much of the team is comprised of rapidly improving underclassmen, its members anticipate a well-trained, efficient squad in the next few years.

"Tiger" Gelber is brought down with a tight waist and a near-leg takedown.

Everyone freezes as Montagna goes up for a jump shot to put Prep in front.

Many hands do not make many baskets. J.V. players battle for the boards.

To the crack of Coach Riesener's whip, the J.V. basketball squad ran fast breaks, launched fantastic jump shots, and even won some games. At Jamesburg, with David "Stick" Lampen pulling down the rebounds and stuffing in the points, the J.V.'s looked as if they could have beaten even the varsity regulars!

J. V. Cagers jump high and win.

Front Row: Nims, D. Heinlein, D. Lampen, Huber, J. Gunkle, Krafchik, Busch, Seidel; Back Row: Coach Riesener, Sutherlin,

Montagna, Balos, Dunlap, Patt, Delcau, Duschock, Lebow, Burke, Belafsky, Donahue, Borrus.

Front Row: Fishtein, Levy, G. Spiro, Braunstein, M. Miller; Back Row: Schwartz, L. Zagoren, Dower, Shelley, Klingler.

J. V. cheerers complete first season.

The acquisition of a junior varsity cheerleading squad has proved to be a boon to school spirit in Prep this year. Under the guidance of Susanne Wintersteiner and Captain Georgia Spiro, these new cheerleaders have gradually acquired not only a repertory of cheers but also lots of hearty enthusiasm.

"Hey—Hey—Ho—Ho—come on Prepsters—let's go!"

"We want another one just like the other one!"

Front Row: Nagy, R. Szeles, T. Heaton, Jay, McGinn, Wender; Second Row: L. Jacob, G. Hazen, Steinman, Moskowitz, Cottrell, Jacobs, K. Lehn,

Cushman, D. Alsofrom; Back Row: Sheehy, Sowa, T. Morse, Sandor, Deschu, Mittmann, Filenbaum, Coach Riesner.

Younger teams score victories.

The seventh and eighth grade boys, coached by Robert Riesener, participated in an active schedule of basketball and soccer. The basketball team was hampered by injuries but counteracted this through the high scoring of Roy Mittman and Joe Jacobs. Although Al Moskowitz broke his ankle at Highland Park, his rebounding led the squad. In soccer it was Mittman again pacing the team, but Coach Riesener felt that team effort produced the wins.

"Concentration is the essence of foul shooting," claims Joe Jacobs.

Front Row: Strong, Moskowitz, Steinman, Jacobs,

Deschu; Back Row: Wender, Sowa, T. Morse, K. Lehn, Cushman, R. Szeles.

Girls begin inter-class basketball.

Freedman and Hamelsky hit it off well in hockey.

Wilmot and Reitman struggle for the tap in sophomore-senior basketball game.

Coach Germann has the ball; now where's the team?

Twice a week a varying number of unathletic girls troop down to the gym for an invigorating program under the direction of Mrs. Germann. The girls participate in sports including hockey, basketball, volley ball, and muscle-pulling calisthenics. Mrs. Germann has initiated inter-class basketball tournaments—a wonderful idea.

Prep girls try their best at physical fitness.
